INFORMATION

Quality products from the fixing specialist

Olympic Fixings commenced trading in 1989 and since that date have established ourselves as a major distributor of fixing products to the wholesale trade.

A policy of maintaining and expanding a comprehensive range of quality products held on an ex stock basis together with competitive prices and a reliable delivery service ensures that the company continues to expand to meet the growing needs of our customers.

The range of products now exceeds 3300 items, all of which are held in stock at our warehouses in Accrington and Conlig.

Please contact the sales offices or sales executives for discount off list prices which are available to the wholesaler.

Olympic Fixings only supply to the Merchant and Retail Trade. We are unable to supply end users.

CUSTOMERS

Olympic Fixings is a leading distributor of Fixings, Fastenings, Tools & Adhesives to the Merchant Trade supplying:

- Builders Merchants
- Electrical Wholesalers
- Plumbers Merchants
- Fixing Companies
- Timber Merchants
- Tool & Plant Hire
- Hardware Merchants
- Engineers Merchants
- DIY Retailers
- Tile Merchants
- PVC Fascia Distributors
- Agricultural Merchants

PRICE LISTS

Price lists are available priced in GBP or EURO.

OTHER COUNTRIES

Terms & Times on application

CONDITIONS OF SALE

Application of Conditions

Contracts and orders are accepted upon and subject to the conditions below. Unless expressly accepted in writing any qualifications of these conditions in any written or printed document of the customer shall be deemed to be inapplicable.

Payment Terms

are thirty days from date of invoice.

The Company reserves the right to withhold further despatches to customers whose accounts are overdue.

Interest

The Company reserves the right to charge interest on overdue accounts at a rate of 5% above Bank of England base rate.

Prices

are correct at the time of publication but are subject to alteration without prior notice. Orders can only be accepted to be invoiced at the prices ruling at the date of despatch. Prices are exclusive of VAT.

Products

The Company reserves the right to modify products without prior notice.

Samples

Notwithstanding that a sample of the goods may have been exhibited or shown to the buyer and inspected by the buyer, it is hereby declared that such samples are solely to enable the buyer to judge the quality or the type of goods and do not constitute a sale by a sample under the contract. The buyer shall take the goods at his own risk as to their corresponding with the sample or as to their quality, condition or sufficiency for any purpose.

Schedule Orders

A scheduled order calling for delivery spread over a defined period shall constitute authority to manufacture and shall define the buyers ultimate delivery. The buyer is at all times liable for current total scheduled stocks and work in progress.

Title of Goods

is only transferred when payment has been received for all amounts due and owing. Should amounts due be unpaid, Olympic shall have the right to enter the customer's premises during ordinary business hours and take possession and remove such of its goods as are in the customer's possession. If the goods have been sold by the customer before all payments have been made to Olympic, the customer must hold the proceeds arising from such sale as trustee for Olympic until all payments due have been made. In the event of a customer being placed in Receivership or Liquidation it is not the intention of the parties hereto, that a Receiver or Liquidator be empowered to sell Olympic goods save where all payments due and owing to Olympic by the customer have been paid in full.

Minimum Unit Packs

are not normally split, but where this is specially requested, a 25% surcharge is added to the price of the split item.

Pack Sizes

shown in this list are subject to alteration without notice.

Carriage

Full details are shown on page 8 of the catalogue.

Minimum Order

See page 8 of the catalogue.

Delivery

See page 8 of the catalogue.

Returned Goods

which having been correctly supplied and are returned for credit, will only be credited less a 20% handling charge. All items must be in a re-saleable condition and in their original undamaged packs. No returned goods which exceed the invoice date by six months or more will be accepted. Products with a shelf life cannot be accepted for return.

Accounts

are payable at the offices of Olympic shown on page 2.

Box Quantities

are average.

Discounts

are available on all products subject to negotiation.

Claims

for damage or shortage must be notified to ourselves in writing within 3 days of delivery. Non receipt of the whole of the consignment must be notified to Olympic within 14 days from the date of despatch. Claims outside these periods cannot be accepted. No responsibility can be accepted for damaged material or short delivery where the carriers have been given a clean receipt.

Specification

Every effort has been made to ensure the accuracy of information in this catalogue. The company reserves the right to change specifications without notice. Illustrations are for reference only and not proportionate.

Health & Safety

The buying company should satisfy itself that the persons responsible for the use of the product supplied by the company have all the information required on Health & Safety. See page 10 of the catalogue.

Handling

Goods supplied vary in size and weight and persons handling the goods should be fully acquainted with the correct method thereof. Certain items supplied have, due to their nature, sharp points or edges and should therefore be handled carefully.

Legal Construction

These conditions and any contract between seller and buyer shall be constructed and operate in all respects as a contract made in England and in conformity with English Law.

Price List

The company has taken care in compiling this price list but cannot accept responsibility for errors or omissions.

Copyright

No part of the catalogue or website may be reproduced without the permission of Olympic Fixings.

HEALTH & SAFETY AT WORK ACT

All goods are sold on the express undertaking that the customer is aware of the requirements and provisions of the Health & Safety at Work Act 1974.

Health & Safety Data Sheets where applicable are available on request.

While every care is taken to ensure that goods offered for sale by the Company comply with the above Act when properly used, the Company cannot accept any liability or responsibility in the event of misuse by the customer or any other person to whom the goods may pass.

PRODUCTS

When using cutting tools, hand tools and other fixing products remember to wear the appropriate protection and take the necessary safety precautions.

Dispose of all used products carefully and in an environmentally friendly manner.

The buying company should satisfy itself that the persons responsible for the use of the product supplied by the company have all the information on the Health and Safety requirements in respect of the product.

For guidance on usage and typical applications refer to the individual product pages.

The buying company must at all times satisfy itself that the products supplied are suitable. The company can accept no liability for the use to which products are put or the way in which they are used.

Any recommendations stated by the company are made in good faith but cannot over ride the basic obligation of the user to satisfy himself at all times as to the suitability because of the widely varying environmental conditions, the standards of application and the changes in technology which alter the properties of materials with which our products are expected to perform.

HANDLING

Goods supplied vary in size and weight and persons handling the goods should be fully acquainted with the correct method thereof.

Certain items supplied have, due to their nature, sharp points or edges and should therefore be handled carefully.

SCREW GAUGE

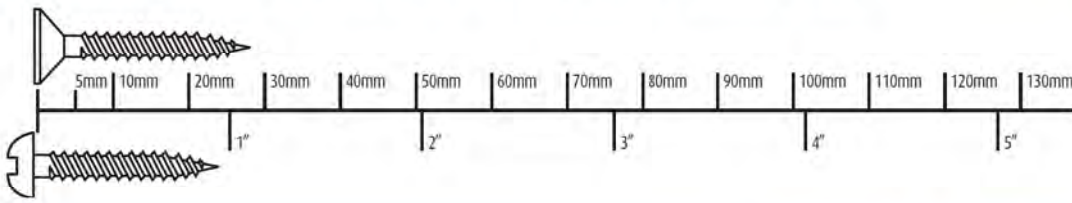

The diameter of the head is approximately proportional to the gauge of the screw. Placing the head of the screw on this guide will indicate the screws gauge.

Woodscrew Diameter - Gauge	1	2	3	4	5	6	7	8	9	10	12	14	16	18	20

SDS PLUS HAMMER

- Tungsten carbide tip conforming to DIN 8035
- Heat treated for extra toughness
- Suitable for all hammer drilling machines with SDS+ drive system (ie. 2 slot chuck system)
- Supplied individually on plastic hanging clips

APPLICATIONS

Suitable for drilling into hard materials such as concrete, rock, brick, stone and granite

SDS Chisels & Points

**OLYMPIC
FIXINGS**

SDS PLUS CHISELS & POINT

- High quality forged chisels & points
- Suitable for all hammer drilling machines with the SDS+ drive system
- Supplied individually on plastic hanging clips

Range Information

Product Code	Shank Diameter mm	Width mm	Overall Length mm	Unit Qty
030-060-195	14	20	250	1
030-060-200	18	25	360	1

030-060-240	18	POINT	500	1

SDS PLUS CHANNELLING CHISEL

- Channelling chisel used for installation of cables, wires and copper pipework
- Forged steel with precision machined cutting edges
- Produces accurate channels quickly in brick and block materials
- Head design controls depth and prevents excessive penetration
- SDS+ shank
- Supplied individually on plastic hanging clips

Range Information

Product Code	Description	Shank Diameter mm	Overall Length mm	Unit Qty
030-060-300	22mm Channelling Chisel	14	250	1

MASONRY

- Tungsten carbide tipped
- Conforming to DIN 8039 (Euro-norm)
- Hardened body/shank
- Suitable for all drilling machines with a 3 jaw chuck
- Supplied individually in hanging wallets

APPLICATIONS

For use with rotary and hammer action tools. Suitable for drilling concrete, stone, brick, masonry, ceramic, slate & marble

Countersink Bits

CHROME VANADIUM

- 90° multi fluted cutting edges
- Made from chrome vanadium steel
- Suitable for countersinking holes in wood, plywood and plastics
- Supplied individually in hanging telescopic cases

Range Information

Product Code	Diameter		Shank Diameter		Unit Qty
	mm	Inches	mm	Inches	
032-054-010	13	1/2	6	1/4	1
032-054-020	16	5/8	6	1/4	1

HIGH SPEED STEEL

- 90° single cutting edge
- Single flute provides excellent cutting tip support to prevent vibration when cutting hard materials
- Made from hardened solid high speed steel
- Ideal for countersinking holes in most unhardened metals, wood, plywood and plastics
- Supplied individually in hanging telescopic cases

Range Information

Product Code	Diameter		Shank Diameter		Unit Qty
	mm	Inches	mm	Inches	
032-054-030	13	1/2	8	5/16	1
032-054-040	16	5/8	10	3/8	1

High Speed Steel Jobber Drills

HSS COBALT IN BLISTER PACKS

- Very high performance HSS drill with 5% cobalt added for higher heat resistance
- Fully ground flutes with 135° split point to help centre the drill
- Conforms to BS 328 & DIN 338
- Steam temper straw finish
- Engineering grade drill bits designed for use in pillar drilling machines but can also be used in hand machines with care
- Supplied individually in hanging blister packs

APPLICATIONS

Highly suitable for drilling hard and tough materials such as alloyed steel, cast iron, titanium and stainless steel. Also gives good results in materials such as wood, chipboard, hardboard, plastics & plasterboard

HSS IN WALLETS

- High performance high speed steel
- Roll forged, black finish, straight shank
- Conforming to BS 328 & DIN 338
- For use in fast rotating drilling machines or hand drilling machines
- Supplied individually in hanging wallets

APPLICATIONS

Designed for drilling metal but also gives good results in materials such as wood, chipboard, hardboard, plastics and plasterboard

HSS JOBBER SETS

- Supplied in robust plastic hanging boxes
- Sizes clearly marked for ease of selection

Range Information

Product Code	Description	Unit Qty
020-040-105	19 Piece Set 1mm to 10mm x 0.5mm increments	1
020-040-110	25 Piece Set 1mm to 13mm x 0.5mm increments	1

HSS JOBBER DISPLAY

- Counter display case
- Sizes clearly marked for ease of selection
- Dimensions 480mm x 350mm

Range Information

Product Code	Description	Unit Qty
020-050-010	30 Sizes 1mm to 13mm x 0.5mm increments 363 drills in total	1

HSS STUB

- The short flute and overall length offers greater rigidity
- Roll forged, straight shank, conforming to DIN 1897
- Supplied in hanging telescopic cases

APPLICATIONS

For the drilling of steel, plain carbon, alloy, grey iron castings, graphite and copper alloys

Range Information

Product Code	Diameter mm	Overall Length mm	Working Length mm	Case Qty	Unit Qty
027-045-025	4.0	55	22	10	1

High Speed Steel Drills

HSS LONG SERIES

- High performance high speed steel
- Roll forged, black finish, conforming to DIN 340
- For use in fast rotating drilling machines or hand drilling machines
- Supplied in hanging telescopic cases

Applications

For applications where extra reach is required and also the drilling of deeper and thicker materials

Range Information

HSS REDUCED SHANK

- High performance high speed steel
- Roll forged, black finish
- Straight shank conforming to BS 328 and DIN 338
- For use in fast rotating drilling machines or hand drilling machines
- Shank reduced to 1/2" (12.7mm)
- Supplied individually in hanging wallets

APPLICATIONS

Designed for drilling metal but also gives good results in materials such as wood, chipboard, hardboard, plastics and plasterboard

Tile Drills

TILE & GLASS

- Fluteless straight shank drill bit that incorporates a purpose designed spear-point carbide tip
- Tip geometry enables quick and easy start up with a reduction of wandering
- When drilling it is important that a very slow drilling speed is used
- Supplied individually in hanging wallets

APPLICATIONS

Ideal for ceramics, glass, tiles, mirrors, windows etc.

RECOMMENDATIONS

The drill bit should be used on the rotary setting and must not be used on the hammer setting

Range Information

Product Code	Diameter mm	Body Diameter mm	Overall Length mm	Unit Qty
033-050-010	3.0	3.0	60	1
033-050-020	4.0	4.0	60	1

033-050-050	8.0	5.3	75	1
033-050-060	10.0	6.3	80	1

HARD TILE

- New design and unique P95 precision tip
- Precision tip is diamond ground from best quality tungsten
- Asymmetric drill design reduces resistance ensuring that there is no wandering at the start of drilling
- The unique brazing method ensures no tip loss even in the toughest material
- Tri-Shank prevents slippage in chuck during use
- Supplied individually in telescopic hanging tubes

APPLICATIONS

For drilling the hardest tiles and materials such as PEI class 5 porcelain, ceramics, fine stoneware, marble, concrete, engineering brick and even granite

RECOMMENDATIONS

The drill bit works best at low revolution speeds

Drill machines with a variable speed trigger will achieve the best results

The drill bit should be used on the rotary setting and must not be used on the hammer setting

Flat Bits

**OLYMPIC
FIXINGS**

FLAT BITS

- Wood boring bits with hexagonal shank to prevent slipping in power drills
- Manufactured from high quality carbon steel with precision cutting edges
- Heat treated for extra strength
- Integral centre point
- All 150mm length bits have 6mm (1/4") hexagon shanks
- Supplied individually in hanging wallets

APPLICATIONS

For rapid drilling of holes in all types of wood

Wood Drills

4 FLUTE WOOD

- Four precision cutting edges and four deep auger style flutes
- Rapid drilling action
- Ultra smooth and balanced cutting action
- Exceptionally clean breakthrough
- Extremely durable
- Short lightweight body
- Quick change 6mm (1/4") hexagon shank or SDS+ fitting
- Supplied individually in hanging wallets

APPLICATIONS

Fast precision hole drilling in most types of wood

HEXAGON SHANK

- Manufactured from carbon steel
- Ground and sharpened combination cutting edges
- Solid, accurately centred screw point
- Precision tapered double threads that pull the bit smoothly into wood without any force and allows withdrawal of the bit at any depth of penetration

- Hexagon shank prevents slipping in chuck
- Produces fast, clean & accurate holes
- Supplied individually in hanging wallets

APPLICATIONS
Precision drilling in all types of wood and plasterboard

Auger Bits

SDS PLUS SHANK

- Manufactured from carbon steel
- Ground and sharpened combination cutting edges
- Solid, accurately centred screw point
- Precision tapered double threads that pull the bit smoothly into wood without any force and allows withdrawal of the bit at any depth of penetration
- Produces fast, clean & accurate holes
- Can be used with any rotary SDS electric drill (not hammer action)
- Supplied individually in hanging wallets

APPLICATIONS

Precision drilling in all types of wood and plasterboard

Dry Diamond Core Drills

CORE DRILL SETS

- Robust aluminium case for both sets
- Wheeled style with extendable handle for 10pc set

Range Information

Product Code	Description	Unit Qty
10 PIECE CORE DRILL SET		
091-540-090	Cores: 38, 52, 65, 117 and 127mm Adaptors: SDS Plus and 3 Jaw Chuck Pilot Drill: 10 x 225mm A Taper Extension Rod: 300mm Extractor Drift Key	1
7 PIECE CORE DRILL SET		
091-540-100	Cores: 38, 52, and 117mm Adaptors: SDS Plus and 3 Jaw Chuck Pilot Drill: 10 x 225mm A Taper Extractor Drift Key	1

Dry Diamond Core Drills

**OLYMPIC
FIXINGS**

CORE DRILL

- Dry diamond core drilling produces perfectly clean holes with no breakout and little in the way of vibration
- The quickest and most cost effective method of core drilling and requires no chiselling or making good
- Up to 20 times the life of a conventional tungsten carbide core drill bit
- Can be used on most popular building materials
- 1/2" BSP thread
- The drill should be used on the rotary setting and must not be used on the hammer setting
- Supplied individually boxed

APPLICATIONS

Drilling of precision holes through walls for soil and waste pipes, balanced flues, electric fans, ventilation, water and gas pipes

Range Information

Product Code	Diameter mm	Overall Length mm	Number of Segments on Core	Unit Qty

Step & Taper Drills

HSS STEP

- Each size accurately cuts a range of hole diameters
- Suitable for cutting holes in most thin sheet materials including steel, brass, aluminium, copper, plastic and wood
- Accurately ground diameters and flutes
- Made from solid high speed steel
- One step drill replaces many conventional drill bits
- No centre punch or pilot hole required
- Automatically deburrs hole
- Supplied individually in hanging blister packs

Range Information

Product Code	Diameter Range mm	Steps	Shank Diameter mm	Unit Qty
032-053-010	6 - 18 x 2mm increments	7	10	1
032-053-015	4 - 22 x 2mm increments	10	10	1
032-053-020	5 - 35 x 2 - 3mm increments	13	13	1

HSS TAPER

CONE CUTTER

- Each size cuts an infinitely variable size of hole within its diameter range
- Suitable for cutting holes in most thin sheet materials including steel, brass, aluminium, copper, plastic and wood
- Accurately ground taper, point and flutes
- Made from solid high speed steel
- Supplied individually in hanging blister packs

Range Information

Product Code	Diameter Range mm	Shank Diameter mm	Unit Qty
032-053-030	3 - 14	6	1
032-053-035	5 - 20	8	1
032-053-040	16 - 30.5	9	1

HSS STEP & TAPER SETS

- 3 piece sets
- Drills made from solid high speed steel
- Accurately ground point, flutes and diameters
- Suitable for cutting holes in most thin materials
- Robust aluminium case

Circular Saw Blades	42

TRADESMAN HOLESAWS

- Bi-metal design
- M42 HSS cutting teeth
- Premium quality steel
- 4/6 TPI variable tooth pattern
- 38mm (1 1/2") cutting depth
- Holesaws/arbors fully interchangeable with other brands
- Separate arbor
- Supplied individually in hanging blister packs

APPLICATIONS

Most metal, wood, plywood, plastics and pipe

RECOMMENDATIONS

Ensure the recommended speed is used for different diameters of hole saw

Use the correct cutting fluid when making holes in metal, other than cast iron which should be cut dry

Use correct level of pressure when hole cutting. Too much or too little can damage cutting edges

Pilot drills should be correctly assembled to ensure they do not extend beyond cutting teeth further than the material thickness being cut

MORSE HOLESAWS

MASTER COBALT®

- Professional quality holesaw
- M3 high speed steel cutting edge
- Electron beam welded to a tough fatigue resistant steel body
- Positive rake tooth design provides better chip clearance for longer life and easier cutting
- Fast, long lasting cutting action
- Threaded cap provides a rigid mounting and is lighter than many other holesaws
- Variable pitch gives reduced vibration and smoother cuts
- 38mm (1 1/2") maximum cutting depth
- Supplied individually in hanging packs

APPLICATIONS

Wood, nail embedded wood, plywood, plastics most machinable metals including stainless steel

RECOMMENDATIONS

Use the recommended speed for each diameter of holesaw

Use correct cutting fluid where appropriate

Apply the correct level of pressure when hole cutting, too much or too little will affect cutting life of teeth

Pilot drills must be correctly assembled depending on material thickness

Multi-Size Hole Cutters

ADJUSTABLE HOLE CUTTERS

- Large hole cutter kits, cut 40-200mm and 40-300mm diameter holes
- Integrated dust catcher provides operator safety, prevents mess and reduces clean up time
- Cuts a range of materials including aluminium, plasterboard, fibreboard, plywood, wood and acrylic sheets up to 25mm thick
- Cutting diameter and depth is easily adjustable within range of cutter
- Kits include 5 masonry drills, 5 wood drills, 3m tape measure and carpenters pencil

Range Information

Product Code	Description	Unit Qty
090-240-005	Multi-Size Hole Cutter 40 - 200mm	1
090-240-010	Multi-Size Hole Cutter 40 - 300mm	1

Reciprocating Saw Blades

MORSE RECIPROCATING SAW BLADES

- Designed to fit all popular machines with 1/2" shank
- Bi-metal blades reduce breakage and last longer than conventional carbon and high speed blades
- Shock resistant teeth
- High edge hardness
- Colbalt cutting edge offers more wear resistance
- High heat resistance
- Resists tooth strippage
- Long life

Range Information/Cards of 5 Blades

MORSE DEMOLITION BLADES

- Havoc demolition blades are specifically designed for "rough in" site applications, they will cut through all types of wood, wood composites, metal and nail embedded wood
- Renovator demolition blades are the ultimate heavy duty demolition and re-modelling blades, they cut through wood and metals without leaving jagged cut edges so there is no need for additional finishing

Range Information/Cards of 3 Blades

Hacksaw Blades

MINI HAND HACKSAW BLADE

- For fine cutting of most thin materials
- Fitted with pin on each end for fitment to the junior hacksaw frame
- Made from hardened and tempered carbon steel

Range Information/Pack of 10 Blades

Product Code	Blade Size mm	Blade Size Inches	Teeth Per Inch	Unit Qty
100-235-070	150 x 6.3 x 0.4	6 x 1/4 x .018	24	1

See page 163 for Junior Hacksaw Frame

Hacksaw Blades

**OLYMPIC
FIXINGS**

MORSE BI-METAL HAND HACKSAW BLADES

FEATURES

- Bi-metal construction
- Tooth hardness Rc 65-67
- Vacuum heat treatment
- Variable pitch teeth

ADVANTAGES

- Flexibility
- Increased heat and wear resistance
- Higher edge hardness than other heat treatment methods

BENEFITS

- Will not shatter
- Long life
- Safe operation
- Faster cutting
- Labour saving

APPLICATIONS

Pipe, tubing and solids. Cuts wood, plastic or any machinable metal, including conduit, stainless steel tubing, angle iron, copper tubing, structural materials etc.

Range Information

Product Code	Blade Size mm	Blade Size Inches	Teeth Per Inch	Unit Qty
TUBES OF 10				
100-235-020	300 x 12.7 x 0.6	12 x 1/2 x .025	14/18	1

TRADESMAN

TRADESMAN CARBON STEEL HAND HACKSAW BLADES

FEATURES

- Carbon steel blade

ADVANTAGES

- Cost effective

BENEFITS

- Reduces operating expenses in general purpose applications

APPLICATIONS

Pipe, tubing and solids. Cuts wood, plastic and easy to machine metals such as conduit, aluminium, copper tubing etc.

Range Information

Product Code	Blade Size mm	Blade Size Inches	Teeth Per Inch	Unit Qty
BLISTER PACKS OF 10				
100-235-055	300 x 12.7 x 0.6	12 x 1/2 x .025	24	1

See page 162 for Hacksaw Frame

TRADESMAN

CIRCULAR SAW BLADES

- Tungsten carbide tipped saw blades for wood cutting
- Precision ground carbide tips
- Supplied with standard bore size and reducing bushes where indicated
- Bush reduces bore size to fit a variety of shaft diameters making them more adaptable and cost effective
- Supplied individually on skin packed hanging cards

APPLICATIONS

Suitable for wood (soft and hard), particle board, composite board, fibre board, wallboard and plastic

PIN PLUG

- Suitable for fixing cable clips when wall is too hard for masonry pins

Range Information

Product Code	Drill Size mm	Unit Qty
051-090-005	5.0	100

See pages 56-57 for Cable Clips

Low Density Fixing

**OLYMPIC
FIXINGS**

SQUARE ANCHOR

- Low density hammer in plug for aerated block
- No pre-drilling required for lightweight block
- Manufactured from tough glass filled nylon
- For use with all types of woodscrews
- Pre-drilling is recommended (8mm) for high density stress block
- Anchor legs automatically splay in a semi circular path inside the block, locking the anchor in position

APPLICATIONS

Suitable for all densities of lightweight stress block

Range Information

HORSESHOE PACKERS

U PACKERS

- Used for accurate positioning of window & door frames in addition to many other construction applications
- Range of thicknesses to suit many trades
- Colour coded to indicate thickness
- Gripping internal comb enables packer to be accurately positioned
- Standard size of 101 x 43mm to suit most applications
- Manufactured from polypropylene
- Waterproof & rot proof
- Available in single thickness large or small packs and mixed thickness small packs

WEDGE PACKER

- Versatile precision wedge packer
- Serrated non-slip design will not move under load
- Use in pairs for accurate adjustable levelling and gap filling from 9 to 14mm
- Size 77 x 45mm, tapering from 3 - 8mm in thickness
- Can be used individually
- Waterproof and rotproof polypropylene material

Range Information LARGE PACK

Product Code	Description	Unit Qty
251-300-460	Wedge Packer	1000

SMALL PACK

Product Code	Description	Unit Qty
251-300-450	Wedge Packer	50

Glazing Packing Pieces

**OLYMPIC
FIXINGS**

FLAT PACKERS

- Suitable for accurate positioning of window and door frame assemblies
- Range of thicknesses to suit many applications
- Colour coded to indicate thickness
- Manufactured from polypropylene
- Available in 100 x 28mm and 100 x 32mm sizes to suit most frames
- Available in single thickness large or small packs and mixed thickness small packs

Range Information SINGLE SIZE LARGE PACK

GLAZING TOOL

- High performance glazing shovel
- Made from reinforced ABS plastic
- Special ribbed section to minimise glass damage
- Blade width 67mm

Range Information

Product Code	Description	Unit Qty
251-300-110	Glazing Shovel	1

Glazing Packing Pieces

BRIDGE PACKERS

- Used to position double glazed units in window frames
- Designed with clearance channels to allow water to easily drain away
- Used in conjunction with flat packers to adjust the position of glazed units
- Available in a range of widths to suit most popular window frame sizes
- Manufactured from high impact black polystyrene
- Length 100mm, thickness 5mm

Range Information SINGLE SIZE LARGE PACK

Product Code	Width mm	Unit Qty
251-300-155	20	1000

Hammer & Frame Fixings

HAMMER IN FIXINGS

- Through fixing for rapid installation
- Nylon countersunk plug (Polyamide 6)
- Steel cross head screw nail
- Bright zinc plated & yellow passivated
- For internal and external use
- Easy hammer drive fully expands nylon sleeve
- Strong grip in solid materials

APPLICATIONS

Suitable for timber skirting boards, battens, cupboards, electrical fittings, plumbing fittings and radiators, brick ties, signs etc.

Ideal fixing in most materials including concrete, stone, perforated brick and low density block

Cavity Fixings

Cavity Fixings

52-54

Cavity Fixings

METAL SELF DRIVES

- Self drills into plasterboard
- Fast installation
- Easy snap-off drill point to permit use where cavity is small or in special applications

- Pressure cast zinc alloy anchor body
- Supplied complete with wafer head cross screw or round head square recess screw
- Available boxed, in tubs or in hanging packs

Range Information

Product Code	Screw Length mm	Anchor Length mm	Maximum Fixture Thickness mm	Unit Qty	Carton Qty
WITH WAFER HEAD CROSS SCREW					
056-105-010	35	31	1 - 12	100	2400

See page 146 for Tubs, page 54 for Hanging Packs

WITH ROUND HEAD SQUARE RECESS SCREW

056-105-015	32	31	1 - 12	100	2400
-------------	----	----	--------	-----	------

NYLON SELF DRIVE

- Self drills into plasterboard
- Fast installation
- Nylon anchor body

- Supplied complete with wafer head cross screw
- Available boxed or in hanging blister packs

Range Information

Product Code	Screw Length mm	Anchor Length mm	Maximum Fixture Thickness mm	Unit Qty
056-105-025	27	34	1 - 12	100

See page 54 for Blister Packs

SPRING TOGGLES

- All metal cavity fixing
- Pan Head Slot Screws
- Heat resistant construction
- Bright zinc plated steel
- Spring activated toggle bar

- Spreads load over a wide area
- Available boxed or in hanging packs

APPLICATIONS

Ideal for cavity walls and ceilings. Especially good in lath, plaster and fibre board

Range Information

Product Code	Size	Screw Length mm	Hole Size mm	Max. Thickness of Base Material & Fixture mm	Unit Qty
055-095-005	M3 x 50	50	11	30	100
055-095-010	M5 x 50	50	14	20	100

055-095-025	M6 x 75	75	18	45	50

See page 54 for Hanging Packs

HOLLOW WALL ANCHOR

- Plastic cavity fixing
- Coarse pitch thread
- Minimum protrusion into cavity

APPLICATIONS

Ideal for plaster and lightweight board

Range Information

Product Code	Imperial Screw Gauge	Metric Screw mm	Plug Length mm	Unit Qty
055-115-005	6 - 8	3.5 - 4.0	27	100

BROLLY ANCHORS

- All metal cavity fixing
- Bright zinc plated steel
- Heat resistant
- Maximum strength and wide base for high load capacity
- Anti rotation design
- Collapsing legs

- Screw and fixture can be removed as required
- Available boxed or in hanging packs

APPLICATIONS

Ideal for plasterboard, partitions, fibreboard and other soft faced materials

Range Information

Product Code	Size	Anchor Length mm	Screw Length mm	Screw Diameter mm	Hole Size mm	Max. Thickness of Base Material mm	Unit Qty
055-100-005	M4 x 22	22	25	4	7	0 - 4	100

055-100-030	M6 x 53	53	58	6	10	3 - 16	50

See page 54 for Hanging Packs

BROLLY ANCHOR TOOL

- For M4, M5 & M6 sizes of broolly anchors
- Provides controlled expansion

Range Information

Product Code	Description	Unit Qty
055-100-100	Brolly Anchor Tool	1

CAVITY WALL PLUG

- Fixes lightweight items to cavity walls
- Flange and expansion wings grip board
- Available boxed or in hanging blister packs

APPLICATIONS

For use in plasterboard and other low strength materials

Range Information

Product Code	Hole Size mm	Imperial Screw Gauge	Metric Screw mm	Unit Qty
055-120-010	7	8	4.0	100

See page 54 for Blister Packs

BOARD FIX

- Fixes lightweight items to cavity wall boards
- Bright zinc plated steel
- For use in plasterboard and other low strength materials

- Tap fixing into board and insert screw to expand and provide a rigid fixing
- Available boxed or in hanging blister packs

Range Information

Product Code	Anchor Length mm	Wall Thickness Range mm	Imperial Screw Gauge	Metric Screw mm	Unit Qty
055-125-015	36	10 - 13	6 - 8	3.5 - 4.0	100

See page 54 for Blister Packs

PLASTIC TOGGLES

- Hollow wall fixing for use with woodscrews or self tapping screws
- Anchor stays in place if screw is removed
- Manufactured with anti rotation lugs and fins

APPLICATIONS

Ideal for partition walls and plasterboard
Can also be used in solid materials

Range Information

Product Code	Hole Size mm	Imperial Screw Gauge	Metric Screw mm	Min. Cavity Depth mm	Wall Thickness Range mm	Unit Qty
055-110-005	8	6 - 8	3.5 - 4.0	35	12 - 16	100
055-110-010	8	6 - 8	3.5 - 4.0	30	6 - 10	100

BLISTER PACKS

- Supplied in hanging blister packs
- For technical information see pages 52 & 53

SATELLITE TV CABLE CLIP

- Nails made from high carbon steel, hardened and bright zinc plated
- Suitable for most materials. Use in conjunction with pin plug where necessary

- Flat cable clip for satellite TV cable
- Clip takes a 7mm coaxial cable and a 5mm power feed cable

Range Information

Product Code	Colour	Cable Size mm	Unit Qty
075-161-075	Black	13 x 6 Siamese	100

CABLE TIES

- Manufactured in Polyamide Nylon 6/6
- Smooth rounded edges for easier handling and installation
- Bent rounded tip allows easier pick-up, insertion and pull out
- All Polyamide one piece mouldings with no metal parts
- Black cable ties are filled with carbon black and are recommended for general outdoor use
- Suitable for a wide range of applications including cable harnessing and cable fastening
- Working temperature range -40°C to +80°C
- Flammability rating: UL94 Class V2
- Supplied in poly bags with hanging header card

ALL PURPOSE

GAFFER TAPE

- General purpose cloth tape
- Available in three colours
- Sticks to almost any dry, grease free surface
- Gauge 0.3mm
- Mesh 75g/m²
- Shrink wrapped individual rolls

Range Information

Product Code	Colour	Size	Unit Qty	Carton Qty
093-300-005	Silver	50mm x 50m	1	24
093-300-015	Black	50mm x 50m	1	24
093-300-025	White	50mm x 50m	1	24

BUILDERS

GAFFA TAPE

- A very high strength cloth tape suitable for heavy duty applications
- Superior bonding to most construction materials including plaster, brick, concrete, plastics, aluminium and steel
- Can be used internally and externally and is totally waterproof
- Has approximately twice the adhesive strength of standard cloth tape
- Ideal for joining, holding, protecting, wind proofing, patching and other construction related applications including vertical and overhead situation
- Bright tangerine colour is easily seen on site
- Heavy duty fabric weave but easy to tear
- Shrink wrapped individual rolls

Range Information

Product Code	Colour	Size	Unit Qty	Carton Qty
093-300-035	Tangerine	50mm x 25m	1	24

MASKING

- General purpose paper masking tape
- Easy tear and unwind
- Gauge 0.125mm
- Ideal for decorating, drilling or spraying
- Available in a range of widths for different applications
- Shrink wrapped in sleeves

Range Information

Product Code	Size	Sleeve Qty	Carton Qty
093-305-005	19mm x 50m	9	36

093-350-040	50mm x 10m	1	54
093-350-020	50mm x 25m	1	24

PLUMBERS SEALING

PTFE (Polytetrafluoroethylene)

- Thread sealing tape
- Available in specifications suitable for general plumbing, potable water and gas supply fittings
- Offers a clean, quick and highly effective means of sealing threaded pipe fittings
- Shrink wrapped in sleeves

Gas tape conforms to BS 7786:1995, BS 6974:1989, BGC 1M/16, BS 5292 Type C
Approved water tape conforms to BS 7786:2006 Grade L, EN 751-3 & BS 6920-1:2000 for WRAS approval, certificate no. 1307500

093-353-020	75mm x 10m	1	16
093-353-030	100mm x 10m	1	12

STATIONERY

- Clear general purpose tape
- Ideal for use in offices and the home
- Shrink wrapped in sleeves

Range Information

Product Code	Size	Sleeve Qty	Carton Qty
093-315-120	25mm x 66m	6	72

PALLET WRAP

- LDPE stretch wrap
- Ideal for securing and protecting loads
- Also useful for bundling and wrapping
- Thickness 20 microns
- Extended core provides hand holds for easy use
- Available clear or black for security of goods in transit

Range Information

Product Code	Size	Colour	Unit Qty	Carton Qty
093-315-200	400mm x 300m	Clear	1	6
093-315-210	400mm x 300m	Black	1	6

PACKING

- Polypropylene tape
- Suitable for machine and hand held application
- Available in buff and printed fragile red/white options
- Shrink wrapped in sleeves

Range Information

Product Code	Type	Size	Colour	Unit Qty	Carton Qty
093-315-005	Standard	50mm x 66m	Buff	1	36
093-315-040	Fragile	50mm x 66m	Red/White	1	36

DISPENSER

- Tape gun for packing tape
- Individually boxed

Range Information

Product Code	Size	Unit Qty
093-315-050	Tape Dispenser	1

FLOOR MARKING

- Adhesive plasticised PVC tape in a range of solid colours
- Suitable for lane identification and floor marking in domestic and industrial applications
- Long lasting, tough and durable
- Gauge 0.16mm
- Shrink wrapped individual rolls

Range Information

Product Code	Colour	Size	Unit Qty	Carton Qty
093-320-010	Yellow	50mm x 33m	1	24
093-320-030	White	50mm x 33m	1	24
093-320-050	Red	50mm x 33m	1	24

HAZARD WARNING

- Adhesive plasticised dual colour PVC tape for different hazards
- Yellow/Black - hazardous areas and obstacles
- Red/White - fire hazards, extinguisher locations etc.
- Green/White - safety equipment, emergency exits etc.
- Long lasting, tough and durable
- Gauge 0.16mm
- Suitable for marking out and identifying no go areas
- Shrink wrapped individual rolls

Range Information

Product Code	Colour	Size	Unit Qty	Carton Qty
093-325-010	Yellow/Black	50mm x 33m	1	24
093-325-030	Red/White	50mm x 33m	1	24
093-325-050	Green/White	50mm x 33m	1	24

BARRIER HAZARD

- Non adhesive PVC tape
- Diagonal stripes printed both sides
- For restricting access to hazardous areas
- Gauge 0.03mm
- In dispenser pack

Range Information

Product Code	Colour	Size	Unit Qty	Carton Qty
093-330-010	Yellow/Black	75mm x 500m	1	10
093-330-030	Red/White	75mm x 500m	1	10

ANTI-SLIP HAZARD

- Self adhesive heavy duty PVC
- Coarse grit coated for maximum grip
- For use on most materials
- Ideal for steps, ramps, walkways and other potentially hazardous areas
- Available in plain black, yellow or black and yellow chevron design
- Shrink wrapped individual rolls

Range Information

Product Code	Colour	Size	Unit Qty	Carton Qty
093-351-010	Black	50mm x 18m	1	12
093-351-020	Yellow	50mm x 18m	1	12
093-351-030	Black/Yellow	50mm x 18m	1	12

Tape Products

UNDERGROUND WARNING

- Provides visible warning of buried pipe or cable
- Tough resistant polyethylene
- Gauge 0.05mm
- Stays legible and colour fast in all soil conditions
- Available in a range of colours, printed to suit most common underground pipes and cables

Range Information

Product Code	Colour	Wording	Size	Unit Qty	Carton Qty
093-337-005	Yellow	Electric Cable	150mm x 365m	1	8
093-337-010	Blue	Water Pipe	150mm x 365m	1	8
093-337-015	Yellow	Gas Main	150mm x 365m	1	8
093-337-050	Yellow	Street Lighting	150mm x 365m	1	8
093-337-055	Red	Sewers	150mm x 365m	1	8

ALL WEATHER

- Heavy duty clear polythene
- Suitable for exterior and interior use
- Can be used on most materials including glass, PVC and polycarbonate
- Individually wrapped

Range Information

Product Code	Size	Unit Qty	Carton Qty
093-334-005	50mm x 33m	1	24

ALUMINIUM FOIL

- Metal repair tape
- Self adhesive
- Suitable for joining pipe lagging and heating/ventilation repairs
- High temperature resistance
- Gauge 0.08mm
- Shrink wrapped individual rolls

Range Information

Product Code	Size	Unit Qty	Carton Qty
093-338-005	50mm x 45m	1	24

SILAGE

- General purpose adhesive tape
- Colour - Black
- Shrink wrapped individual rolls

Range Information

Product Code	Size	Unit Qty	Carton Qty
093-340-025	75mm x 20m	1	20
093-340-015	75mm x 33m	1	16
093-340-005	100mm x 33m	1	12

DRYWALL JOINT

SCRIM TAPE

- Self adhesive drywall joint tape
- Mesh tape saves considerable time, both in application and drying time
- Open weave construction allows moisture to evaporate quickly and evenly, thus preventing bubbles and blistering
- Unaffected by mould and will not absorb moisture
- Strong and hardwearing
- Available in a range of sizes suitable for most applications
- Eliminates the need for pre-plastering

- Woven from fibreglass bulk yarn and coated with anti-alkaline resin and adhesive solution
- Colour - White
- Mesh 75g/m²
- Individually wrapped

APPLICATIONS

For the permanent covering and repair of drywall joints, cracks and holes

Range Information

Product Code	Width		Length m	Unit Qty	Carton Qty
	mm	Inches			
239-499-008	50	2	90	1	24

239-499-017	100	4	90	1	18

METAL PLASTERBOARD CORNER

- Strong kraft paper tape
- Reinforced by two parallel corrosion resistant metal strips
- Ideal solution for dry lining and plastering archways, curved and irregular inside and outside corners and unusual angles
- In dispenser pack

Range Information

Product Code	Size	Unit Qty	Carton Qty
239-499-080	50mm x 30m	1	10

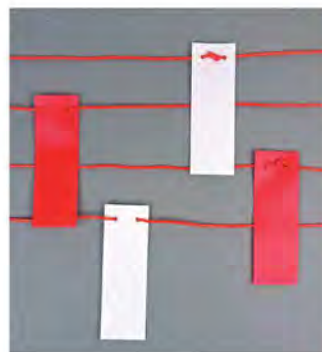

SITE HAZARD

BUNTING TAPE

- Site hazard warning pendants on a plastic rope
- Used to indicate limits of hazards or non-trafficable areas
- Also used to identify overhead cables and obstacles
- Alternating 150 x 50mm red & white pendants approximately 900mm apart on a 26m long plastic rope
- Supplied as a coiled hank in a polybag

Range Information

Product Code	Description	Roll Length	Unit Qty
093-354-020	Site Hazard Rope - Red/White Pendants	26m	1

Pipe Clips

SNAP ON

- Manufactured from premium grade white polymer
- Low temperature impact resistance
- High temperature tensile strength
- Working temperature range -10°C to +80°C

SPACERS

- Are the most effective way of fitting pipework insulation as required by water bye-law 49
- Fit all clips and will increase the wall clearance from 12mm to 25mm
- Can be stacked and each additional spacer gives 13mm more clearance

Range Information

Product Code	Size mm	Unit Qty
120-270-005	15 Single	100
120-270-010	22 Single	100
120-270-015	28 Single	50
120-275-020	Spacers	100

CLIP LOCK

- Heat stabilised white polypropylene clips
- Large base design
- High stand off allows for lagging and heat circulation
- Hinge design for repeated opening and closing
- Working temperature range up to 110°C

SPACERS

- Comply with British Water supply bye-law 49
- Provides clearance for lagging up to 30mm thick

Range Information

Product Code	Size mm	Unit Qty
120-285-010	15 Single	100
120-285-020	22 Single	50
120-285-030	28 Single	25

120-285-060	15 Double	25
120-285-070	22 Double	25

HINGED LOCK

- White polypropylene pipe clips
- Central hole fixing for both single and double clips
- Can be assembled together using the unique locking mechanism
- Special hinge reduces the risk of stress cracking
- Working temperature range -10°C to +80°C

SPACERS

- Are the most effective way of fitting pipework insulation as required by water bye-law 49
- Will increase the wall clearance by 22mm

Range Information

Product Code	Size mm	Unit Qty
120-295-005	15 Single	100
120-295-010	22 Single	100
120-295-015	28 Single	50

120-295-025	22 Double	25
120-295-040	Spacers	100

Pipe Clips

TALON HINGED LOCK

- Can easily be interlocked into pairs or banks of three or more in any combination of sizes. The pipes are then always evenly spaced and the clips always in line
- Provide complete 360° pipe retention, tested to over 100lbs. pull
- Manufactured from premium grade natural polymer, formulated for low temperature impact resistance and high temperature tensile strength
- Working temperature range -10°C to +80°C
- Have an integral hinge moulded into the clip

- Are strong, secure and versatile which ensures optimum performance in all site conditions

SPACERS

- Are the most effective way of fitting pipework insulation as required by water bye-law 49
- Fit all clips and will increase the wall clearance from 12mm to 25mm
- Can be stacked and each additional spacer gives 13mm more clearance

Pipe Cover

TALON PIPE COVER

FIXING

- Easy to fit using either Talon hinged pipe clips or back plates
- Fit clips directly to the wall and simply press cover over clip and snap into place
- Back plates provide an alternative method of fitting. They can be used with existing pipe runs, different sizes of pipe and provide additional support for the cover in difficult applications. They can be used with either size of double pipe cover. Four evenly spaced back plates are recommended per length of cover
- Design of cover ensures that slight irregularities in the wall surface are accommodated without cutting

- Pipe cover is supplied in 3 metre lengths which can easily be cut on site
- Range of accessories for the double pipe run should be fitted using PVC cement or double sided tape

SPECIFICATION

- Extruded white PVCu to BS 4576 standard
- Self extinguishing
- Resistant to both acid and alkalis
- Colour fast to standard 5
- Good resistance to weathering makes it suitable for exterior use as well as interior use. It can be used within a temperature range of -10°C to +80°C

- Talon pipe cover is the ideal way to conceal surface mounted pipe runs such as the flow and return pipes of a domestic central heating system
- The cover section is produced to suit 15mm and 22mm diameter pipes in single or double runs
- A range of accessories is available to suit the double run pipe sections
- Cover section only is available to suit single runs of 28mm pipe

Radiator Tubes

RADSNAPS

- Radsnaps and Pipesnaps are decorative central heating pipe covers
- The simple and effective way to cover exposed pipes
- Eliminates the need for painting
- Gives a professional finish to radiators and towel rails
- Suitable for standard household 15mm pipes
- Pre-curved plastic tubes
- Simply cut to the required length, open up and snap around pipe

Putty, Compound & Pipe Cement

**OLYMPIC
FIXINGS**

PLUMBERS PUTTY

- Ready mixed, waterproof non setting putty
- Will seal ceramics, metals, vitreous enamels and PVCu
- Remains permanently flexible to allow for joint movement
- Overpaintable
- Damp resistant
- Contains anti-fungal compound to prevent growth in areas of high humidity ie bathrooms, kitchens and other sanitary applications
- Designed for sealing and bedding wc soil pipes, joints in sanitary ware, sinks and water fittings

Range Information

Product Code	Colour	Size	Unit Qty	Carton Qty
208-010-100	Beige	750gm	1	12

See page 195 for Multi-Purpose Putty

PIPE JOINTING COMPOUND

- Ready mixed trowelable formula
- Gas tight seal
- Oil/emulsion base
- Also acts as a lubricant
- Sets hard by loss of water
- Non toxic
- Cold water working pressure of up to 7 bar
- Hot water working temperature up to 100°C
- Low pressure saturated steam up to a working pressure of 7 bar
- Not recommended for potable drinking water
- Used for sealing screwed metallic joints up to 50mm from the ingress or egress of fluids or gases (steam)
- Tested in accordance with BS EN 751-2:1997 (Report No. 091063)

Range Information

Product Code	Colour	Size	Unit Qty	Carton Qty
208-010-120	White	380gm	1	12

PIPE WELD CEMENT

- Pipe cement for non-pressurised PVCu and ABS thermoplastic pipes
- Non drip thixotropic solvent based product
- Long open time with rapid rate of bond strength development
- Applicator brush inside screw cap

APPLICATIONS

Specifically designed to bond non-pressurised uPVC and ABS pipes to themselves and each other in soil pipe, vent pipe, rainwater pipe, underground drain pipe and waste pipe applications

Range Information

TRADESMAN

Central Heating Products

INHIBITOR

- Prevents corrosion, rust, hydrogen gassing, microbiological growth & boiler noise
- Compatible with all metals used in central heating systems which includes iron, steel, brass, copper and aluminium
- Suitable for micro bore systems constructed from plastic pipes

Range Information

Product Code	Size	Unit Qty	Carton Qty
208-010-010	1 litre	1	10

SLUDGE REMOVER

- Removes corrosion, sludge and scale from central heating systems
- Stops kettling caused by scale build up & removes cold zones
- Compatible with plastic tanks, micro bore and all metals including aluminium used in central heating systems

Range Information

Product Code	Size	Unit Qty	Carton Qty
208-010-030	1 litre	1	10

LEAK SEALER

- Seals inaccessible leaks and weeping joints in sealed central heating systems
- Will reduce pressure loss from sealed systems
- Compatible with plastic tanks, micro bore and all metals including aluminium used in central heating systems

Range Information

Product Code	Size	Unit Qty	Carton Qty
208-010-070	1 litre	1	10

Plumbers Flux

PLUMBERS FLUX

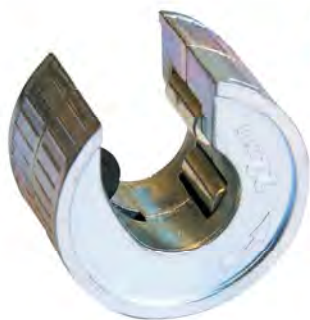

- A soft paste applied to joints before soldering
- Ideal for use with copper pipes in water supply and heating systems, in addition to other soldering applications
- Easy to apply
- Can be used with potable water

Range Information

Product Code	Size	Colour	Unit Qty	Carton Qty
208-010-150	140gm	Off White	1	12

ROTARY PIPE CUTTERS

- Copper pipe cutters
- Automatically adjusts to fit pipe
- Hardened precision cutting wheel
- Two rollers for smooth operation
- Ideal for working in confined spaces
- Replacement cutting wheel suitable for both sizes of cutter
- Supplied individually in hanging blister packs

Range Information

Product Code	Size	Unit Qty
122-301-010	15mm	1
122-301-020	22mm	1
122-301-030	Replacement Cutting Wheel	1

RADIATOR VALVE KEYS

- Fit most radiator valves
- Solid brass material
- Used to release trapped air from water filled radiators

Range Information

Product Code	Description	Unit Qty
122-301-050	T Bar Radiator Key	1
122-301-060	Clock Type Radiator Key	1

WASH BASIN KITS

- Designed for the fixing of wash basins, bidets and other sanitary items
- The nylon collar has a large surface and prevents contact between the metal elements and the unit to be fixed
- Ideal for use in concrete, full and half brick
- Two fixings per bag
- Supplied in labelled hanging poly bags

TYPE A CONTENTS

2 nylon plugs, 2 zinc plated studscrews, and 2 collar nuts

TYPE B CONTENTS

2 nylon plugs, 2 zinc plated studscrews, 2 nylon bushes, 2 zinc plated nuts, and 2 zinc plated washers

See pages 134-135 for Self Drilling Screws

STEEL PLATE WASHERS

- Steel, bright zinc plated
- Square plate, round hole
- Manufactured to BS 3410 Table 11

Range Information

Product Code	Size	Internal Diameter mm	External Square mm	Thickness mm	Unit Qty
085-195-090	M10	10.0	50	3.0	50
085-195-095	M12	12.0	50	3.0	50

Product Code	Size	Internal Diameter mm	External Square mm	Thickness mm	Unit Qty

085-195-103	M20	20.0	50	3.0	50

STAINLESS STEEL FORM A WASHERS

- Manufactured from A2, Grade 304 stainless steel
- Manufactured to DIN 125A
- Highly resistant to corrosion

Range Information

Product Code	Size	Internal Diameter mm	External Diameter mm	Thickness mm	Unit Qty
083-195-010	M6	6.4	12	1.5	100
083-195-020	M8	8.5	15	1.5	100

083-195-040	M12	12.5	22	2.0	100

See page 96 for Hanging Packs

Nuts & Washers

STAINLESS STEEL MUDGUARD WASHERS

REPAIR WASHERS

- Manufactured from A2, Grade 304 stainless steel
- Large outside diameter
- Manufactured to DIN 9021
- Highly resistant to corrosion

Range Information

Product Code	Size	Internal Diameter mm	External Diameter mm	Thickness mm	Unit Qty
083-198-010	M6	6.6	18	1.6	100
083-198-014	M6	6.6	25	1.6	100
083-198-020	M8	8.4	24	2.0	100
083-198-030	M10	10.5	30	2.5	100
083-198-040	M12	12.5	37	3.0	100

See page 96 for Hanging Packs

Nuts & Washers Hanging Packs

- Supplied in poly bags with hanging header card
- See page 89 for Threaded Rod
- For technical information see pages 90-95

Rigifix© Anchors	110
Metal Nail In Anchors	110

Shield Anchors

- A general purpose heavy duty expanding anchor for use in concrete, brick, rock and stone
- Four segment shield for improved performance
- Zinc plated & yellow passivated

SHIELDS

APPLICATIONS

Ideal for use with threaded rod and bolts. For applications where the bolt size is determined by the user

Range Information

Product Code	Size	Thread Diameter mm	Shield Diameter mm	Shield Length mm	Hole Size mm	Minimum Hole Depth mm	Unit Qty
125-309-005	M6	M6	10	40	10	50	100

LOOSE BOLTS

BOLT TYPE

- Ideal for floor fixing, when after inserting the shield in the hole, objects have to be slid into place
- Grade 4.8 bolt

APPLICATIONS

Holding down anchors for machinery, seating, switchgear, racking & structural fixings

Range Information

Product Code	Size mm	Thread Diameter	Bolt Length mm	Max Fixture Thickness mm	Shield Diameter mm	Shield Length mm	Hole Size mm	Minimum Hole Depth mm	Unit Qty

PROJECTION BOLTS

STUD TYPE

- Ideal where fixtures have to be placed over the stud, wall fixings, overhead and ceiling work
- Grade 4.8 bolt

APPLICATIONS

Cable tray, trunking, suspended ceilings, radiators, pipe work, ducting and structural fixings

Range Information

Product Code	Size mm	Thread Diameter	Stud Length mm	Max Fixture Thickness mm	Shield Diameter mm	Shield Length mm	Hole Size mm	Minimum Hole Depth mm	Unit Qty

Through Bolts

COLLAR BOLTS

STUD ANCHORS

- A through fixing ideal for situations where installation has to be made without marking out, removal and repositioning
- For use in concrete and rock
- Projecting relief at the top of the bolt protects the thread during installation
- Zinc plated & yellow passivated

APPLICATIONS

Holding down machinery
Support anchoring for racking and shelving, balustrading, fencing & barriers
Cladding restraint anchoring
Structural steel holding down anchors
Fixing back wall plates, doors etc.

ANCHOR DISPLAY

- 6 tier display with header
- Supplied with 4 dividers per tray
- Supplied with branded strips for trays
- Used with any combination of anchors
- Dimensions
Height 1800mm
Width 813mm
Depth 445mm

Range Information

Product Code	Unit Qty
245-465-093	1

Sleeve Anchors

- General purpose medium duty anchor for use in concrete, brick and stone
- A through fixing with thin expansion sleeve for low stress in base material
- A very versatile anchor
- Zinc plated and yellow passivated

APPLICATIONS

Railings, parapets, ducting, light steel works, bracketry, cable trays, timber doors, window frames and satellite dishes

Tongue & Groove Clip

TONGUE & GROOVE CLIP

- 3mm tongue and groove clip
- Galvanised clip
- For the fixing of wall and ceiling panels
- Bright zinc plated nails included
- Nail size 1.6mm x 25mm

Range Information

Product Code	Description	Unit Qty
232-100-005	Tongue & Groove Clip	250

Insulation Fixings

NYLON INSULATION ANCHORS

INSULATION SUPPORTS

- Gentle hammer in action
- Disc head allows a good adherence to the render coat
- Shock resisting natural polypropylene material

- Supplied in bags of 100 within boxes of 500

APPLICATIONS

Suitable for fixing of rigid insulation panels such as polyurethane, polystyrene, cork etc. Particularly suitable for application in concrete and compact base materials

Range Information

Product Code	Size mm	Hole Diameter mm	Head Diameter mm	Support Length mm	Min. Insert Depth mm	Panel Thickness		Unit Qty
						Min. mm	Max. mm	
128-325-003	8 x 50	8	35	50	25	10	20	500
128-325-005	8 x 70	8	35	70	25	20	40	500
128-325-010	8 x 90	8	35	90	25	50	60	500

128-325-020	8 x 130	8	35	130	25	90	100	500

METAL INSULATION ANCHORS

INSULATION SUPPORTS

- Fire rated insulation fixing
- Manufactured from pre-galvanised material
- Suitable for fixing of rigid insulation panels
- Can be used in most materials
- Disc head allows a good adherence to the render coat

- Easy to use one piece fixing
- Hole size 8mm
- Hammer in gently
- Tapered end for easy installation
- Supplied in bags of 50 within the box

Range Information

Product Code	Size mm	Hole Diameter mm	Head Diameter mm	Support Length mm	Min. Insert Depth mm	Panel Thickness		Unit Qty
						Min. mm	Max. mm

Fixing Band

GALVANISED

- All purpose flexible fixing band
- Pre punched holes to enable fixing with bolts, screws, nails etc.
- Easy to cut and bend to shape
- Manufactured from galvanised steel

- Flexible yet strong
- Supplied in 10 metre rolls

APPLICATIONS

Used for securing, supporting and strapping of cables, guttering, fencing, lighting, pipework, trunking and ducting and is ideal for all suspension applications

Range Information

Product Code	Width mm	Thickness mm	Fixing Hole Diameter mm	Unit Qty	Carton Qty
060-125-005	13	0.75	4.5	1	30
060-125-010	20	1.00	7.0	1	20

Fixing Band

**OLYMPIC
FIXINGS**

PLASTIC COATED

- All purpose flexible fixing band
- Pre punched holes to enable fixing with bolts, screws, nails etc.
- Easy to cut and bend to shape
- Manufactured from steel & then plastic coated

- Flexible yet strong
- Supplied in 10 metre rolls

APPLICATIONS

Used for securing, supporting and strapping of cables, guttering, fencing, lighting, pipework, trunking and ducting and is ideal for all suspension applications

Range Information

Product Code	Colour	Thickness mm	Fixing Hole Diameter mm	Unit Qty

Drop In Anchors

**OLYMPIC
FIXINGS**

WEDGE ANCHORS

HAMMERSET ANCHORS

- An internally threaded socket anchor for use with bolts or threaded rod of any length
- May be set flush or at depth
- Secure and controlled expansion with the setting tool
- Built in expansion cone

- Medium duty fixing
- Zinc plated & yellow passivated

APPLICATIONS

Ideal for suspension/bolting, ductwork, cable tray and holding down applications. Particularly suitable for use in concrete, stone and solid brick

Range Information

Product Code	Thread Diameter	Anchor Hole Diameter mm	Anchor Length mm	Max. Internal Thread Length mm	Min. Hole Depth mm	Unit Qty
127-320-005	M6	8	25	11	27	100

127-320-025	M16	20	65	28	68	20

DROP IN ANCHOR SETTING TOOLS

- Setting punch for drop in anchors

- The tool drives the steel expander plug into the anchor to a controlled depth

Range Information

Product Code	Suitable for Thread Size	Unit Qty
127-321-005	M6	1
127-321-010	M8	1
127-321-015	M10	1
127-321-020	M12	1
127-321-025	M16	1

Concrete Frame Screws

MASONRY SCREWS

HEAVY DUTY SELF TAPPING SCREWS

- Screws into a pre-drilled hole without the need of a wall plug, cutting its own thread
- For fixing directly into masonry and concrete
- Shallow countersunk head
- Torx T-30 recess
- High/Low thread design
- Zinc plated, & yellow passivated

APPLICATIONS

Ideal for the fixing of window and door frames, wood or metal profiles, battens, brackets, timber beams, panels, signs etc.

Range Information

Product Code	Size mm	Drill Diameter mm	Head Diameter mm	Minimum Hole Depth mm	Maximum Fixture Thickness mm	Unit Qty
074-100-001	7.5 x 42	6	10	45	5	100

See pages 138 to 140 for Torx Recess Screwdriver Bits

Express Anchors

EXPRESS NAILS

- Hammer in anchor which is easy and quick to use. No screw is required, simply drill and clean hole, then hammer in anchor
- Once inserted the spring steel tightens
- High grade spring steel
- Zinc plated & yellow passivated
- Resistant to both chemicals and heat
- Tapered end for easy installation

APPLICATIONS

A through fixing ideal for sheet metal profiles, slats, board and sub frames

For use in concrete, stone, brick and other high density materials

Range Information

Product Code	Size mm	Hole Diameter mm	Anchor Diameter mm	Min. Hole Depth mm	Embedment Depth mm	Maximum Fixture Thickness mm	Unit Qty

Anchor Bolts

**OLYMPIC
FIXINGS**

CONCRETE SCREWS

- Grade 8.8 self tapping anchor
- Gives high performance in a variety of solid and hollow materials
- Threading action provides a positive and safe anchorage
- Simple to install
- Can be removed and re-fixed

- Low expansion forces means close to edge fixing is possible
- Bright zinc plated and yellow passivated
- Produced and engineered from high quality carbon steel

APPLICATIONS

Highly suitable for a wide range of construction materials including concrete, stone, brick & block

Range Information

Wire Hanger

**OLYMPIC
FIXINGS**

CEILING HANGER

TIE WIRE

- Expansion anchor for securing suspension wires in concrete, solid brickwork or stone
- Steel zinc plated and yellow passivated

APPLICATIONS

Ideal for fixing suspended ceilings

Range Information

Product Code	Size mm	Anchor Hole Diameter mm	Anchor Length mm	Eye Diameter mm	Min. Hole Depth mm	Unit Qty
125-320-005	6 x 55	6	55	5.3	40	200

RESIN ANCHORS

- A rapid curing, two part, styrene free polyester resin chemical anchoring system
- High performance in concrete, masonry, brickwork, stone and aerated block
- Supplied with mixer nozzle

APPLICATIONS

Ideal for setting bolts, rods, studs, wall ties etc. into a wide range of structures

See pages 196-197 for further information

Frame Anchors

NYLON FRAME ANCHORS

- Nylon sleeve & expansion cone isolates screw to prevent corrosion
- Steel cross head screw, zinc plated & yellow passivated
- Retention lugs to prevent rotation
- White cover caps available to enhance appearance

APPLICATIONS

Specifically designed for the fixing of doors and window frames

A rapid and easy fixing into brick, concrete, stone, masonry and block

Ideal for sectional frames of PVCu, aluminium and timber

Range Information

Product Code	Size mm	Hole Diameter	Anchor Length mm	Screw Length mm	Screwdriver Bit Size	Min. Hole Depth mm	Max. Fixture Thickness mm	Unit Qty

Wall Connector

**OLYMPIC
FIXINGS**

WALL STARTER

CROCODILE TIE

- Suitable for internal and external brick or block walls
- Fully adjustable
- High quality stainless steel construction throughout
- Universal application
- Suitable for wall thickness of 60mm - 250mm
- Each pack contains all the necessary components for a single leaf wall. Use two packs for a cavity wall
- Suitable for use up to a maximum of three storeys or 8 metres high
- BBA approved

APPLICATIONS

Tying new masonry walls to existing walls

Range Information

Product Code	Description	Contents	Unit Qty	Carton Qty
114-800-050	50mm Back Plate Pack	2 Lengths of stainless steel wall connector (total length 2400mm)	1	10
		10 Integral stainless steel wall connector ties		
		6 Stainless steel coach screws		
		6 Stainless steel washers		
		6 Plastic plugs		

DRY LINING WALL ANCHORS

- Specifically designed for the fixing of heavy items to dry lined or fibre board walls
- Transfers load away from the plasterboard directly into the masonry
- Plastic expansion plug, zinc plated high quality carbon steel threaded sleeve, zinc plated cross recess set screws

APPLICATIONS

Ideal for the fixing of heavy items such as TV screens, kitchen units or radiators to dry lined walls without damage to the integrity or finish of the plasterboard lining

Metal Nail In Anchors

HAMMER DRIVE NAILS

- A quick and easy to use through fixing
- Pre-assembled
- Automatic expansion
- Rigid support head
- Non removable
- Zinc alloy construction

APPLICATIONS

Ideal when anchoring into materials such as concrete, stone or brick

Masonry Nails

STANDARD NAILS

- Manufactured from high quality steel
- Heat treated to provide hardness and ductility
- Bright zinc plated
- Round cut
- Countersunk head
- Shrink wrapped in 500's or 1000's

APPLICATIONS

Available in three diameters suitable for most types of materials including stone, brick, concrete, timber & soft materials

Range Information

Product Code	Nail Length mm	Unit Qty	Outer Qty
LIGHT GAUGE 2.5mm DIAMETER			
110-245-005	25	100	1000
110-245-010	30	100	1000
110-245-020	40	100	1000
110-245-030	50	100	500
110-245-035	60	100	500
MEDIUM GAUGE 3.0mm DIAMETER			
110-250-005	25	100	1000
110-250-010	30	100	1000
110-250-020	40	100	1000
110-250-030	50	100	500
110-250-035	60	100	500
110-250-040	70	100	500
110-250-045	80	100	500
HEAVY GAUGE 3.5mm DIAMETER			
110-255-020	40	100	500
110-255-030	50	100	500
110-255-035	60	100	500
110-255-040	70	100	500
110-255-045	75	100	500
110-255-050	80	100	500
110-255-060	100	100	500

Twist Nails

SCREW NAILS

- Countersunk head
- Grooved shank
- Diamond point
- Not hardened
- Bright zinc plated

APPLICATIONS

Fixing wood connectors

Range Information

Product Code	Nail Length mm	Unit Qty	Carton Qty
3.1mm DIAMETER			
115-265-005	20	1000	5000
115-265-010	25	1000	5000
115-265-015	30	1000	5000

Washed Masonry Nails

WASHERED NAILS

- Manufactured from high quality steel
- Heat treated to provide hardness and ductility
- Bright zinc plated
- Fitted washer prevents fixtures pulling over nail head
- Shrink wrapped in 250's, 500's or 1000's

APPLICATIONS

Heavy gauge diameter is suitable for use as a cartridge tool nail

Range Information

Product Code	Nail Length mm	Unit Qty	Outer Qty
LIGHT GAUGE 2.5mm DIAMETER			
111-245-015	25	100	1000
111-245-020	30	100	1000
111-245-025	35	100	1000
HEAVY GAUGE 3.7mm DIAMETER			
111-255-005	25	100	500
111-255-010	30	100	500
111-255-015	35	100	500
111-255-020	40	100	500
111-255-025	50	100	500
111-255-030	60	100	500
111-255-040	75	50	250

GROOVED WASHERED NAILS

BANDING NAILS

- Manufactured from high quality steel
- Heat treated to provide hardness and ductility
- Fixed 15mm washered head
- Grooved shank
- Bright zinc plated
- Shrink wrapped in 500's

APPLICATIONS

Suitable for fixing roofing and insulation plates, plastic sheets and wire mesh

Range Information

Product Code	Nail Length mm	Unit Qty	Outer Qty
3.5mm DIAMETER			
111-250-005	30	100	500
111-250-015	40	100	500
111-250-020	50	100	500

Panel Pins

PANEL PINS

- High quality bright steel panel pin
- Manufactured to BS 1202
- Supplied in poly bags with hanging header card

APPLICATIONS

Suitable for furniture making, pinning of joints and re-inforcing glued joints etc.
For use in soft and hard wood

Range Information

Product Code	Nail Length mm	Unit Qty	Carton Qty
1.6mm DIAMETER			
116-100-010	20	500	5000
116-100-020	25	500	5000
116-100-030	30	500	5000
116-100-040	40	500	5000

Capping Nails

MICKEY PINS

- Manufactured from high quality steel
- Heat treated to provide hardness and ductility
- Bright zinc plated
- Complete with washer
- Shrink wrapped in 1000's

APPLICATIONS

Ideal for fixing PVC and steel channelling

Range Information

Product Code	Nail Length mm	Unit Qty	Outer Qty
2.5mm DIAMETER			
112-245-015	25	100	1000
112-245-020	30	100	1000
112-245-025	35	100	1000

Cartridge Tool Nails

SHOT FIRED NAILS

- Manufactured from high carbon steel
- Heat treated to provide correct hardness
- For use with powder activated DX 450 tools
- Nail with 12mm diameter washer
- Ballistic point
- Bright zinc plated
- Shrink wrapped in 250's or 500's

APPLICATIONS

Suitable for fixing metal and wood to steel, concrete and masonry

Range Information

Product Code	Nail Length mm	Unit Qty	Outer Qty
HEAVY GAUGE 3.7mm DIAMETER			
109-260-015	27	100	500
109-260-020	32	100	500
109-260-025	37	100	500
109-260-030	42	100	500
109-260-035	47	100	500
109-260-040	54	100	500
109-260-045	62	100	500
109-260-050	72	50	250

Fascia Pins & Nails

- High quality stainless steel annular ring shank
- High impact resistant polymer UV stabilised head
- Highly corrosion resistant

- Annular rings provide grip characteristics of woodscrews
- Tamper resistant

APPLICATIONS

Suitable for fascias, barge and soffit boards, cladding, window and door trims, fencing and panelling, architraves and skirting

PLASTIC HEAD PINS

Range Information

Product Code	Pin Length mm	Head Colour	Unit Qty	Carton Qty
2.2mm DIAMETER PINS				
113-250-015	25	White	250	12000
113-250-025	30	White	250	12000

113-260-030	65	Brown	100	2400

Roofing Rivet

COPPER DISC RIVET

COPPER CRAMPTON

- Solid copper material
- 20mm long x 19mm diameter
- Head thickness 0.38mm

APPLICATIONS

For the securing of slates

Range Information

Product Code	Description	Unit Qty	Carton Qty
114-700-005	Copper Disc Rivet	1000	8000

Roofing Nails

GALVANISED CLOUT NAILS

- Galvanised rust resistant finish
- Available in a choice of sizes
- Supplied in labelled poly bags

APPLICATIONS

For securing roofing felt, slates and other roofing materials

Also suitable for securing electrical cable capping

Range Information

Product Code	Diameter mm	Nail Length mm	Unit Qty	Carton Qty
114-600-010	2.65	30	500gm	10kg
114-600-020	2.65	40	500gm	10kg

See page 147 for Galvanised Clout Nails in Tubs

COPPER CLOUT NAILS

- Solid copper material
- Slate nails
- Plain Shank
- Manufactured to BS1202 Part 2

APPLICATIONS

For the securing of slates

Range Information

Product Code	Diameter mm	Nail Length mm	Approx Number of nails per kilo	Unit Qty	Carton Qty
114-700-020	2.65	30	534	1kg	24kg
114-700-030	2.65	40	420	1kg	24kg
114-700-040	3.35	30	349	1kg	24kg
114-700-050	3.35	40	274	1kg	24kg
114-700-060	3.35	50	226	1kg	24kg

ALUMINIUM CLOUT NAILS

- Solid aluminium material
- Slate nails
- Plain Shank
- Manufactured to BS1202 Part 3

APPLICATIONS

For the securing of slates

Range Information

Product Code	Diameter mm	Nail Length mm	Approx Number of nails per kilo	Unit Qty	Carton Qty
114-900-005	2.65	30	1800	1kg	8kg
114-900-010	3.35	38	950	1kg	8kg

Twinthread Woodscrews

**OLYMPIC
FIXINGS**

COUNTERSUNK SQUARE-LOK

- Fully hardened steel
- Bright zinc plated
- The square recess allows greater torque and a more positive fastening than conventional cross and slotted screws
- One handed operation
- Shank grips the wood and reduces splitting
- Ideal for hardwood, softwood, chipboard and fibreboards

FIXINGS**

COUNTERSUNK CROSS

BRIGHT ZINC PLATED

- Fully hardened steel
- Single thread
- Countersunk cross head
- Ideal for chipboard, blockboard, MDF, particleboard, timber etc.

- Also used in soft and hard wood as a general purpose woodscrew
- Sharp point for easy location and starting
- Ideal for power driving

COUNTERSUNK CROSS

ULTIMATE ALL PURPOSE SCREWS

- TS thread provides the benefits of both twin and single thread on the same screw
- CPT™ hardened, permeated case with through hardening
- TRI-LOCK™ threadform
- NET-COAT™ yellow plated for corrosion protection
- Partial thread reduces jacking
- Ideal for use in hardwood, softwood, sheet metal, fibreboard and plastic
- For use in masonry a pilot hole is required
- Ribs under the head, ream and countersink the screw

Tongue-Tite® Screws

TONGUE-TITE®

- The ultimate screw for tongue and groove floorboards
- Small diameter countersunk head with Torx T-10 recess
- TRI-LOCK™ TS threadform reduces surface contact when driving in
- Hardened and NET-COAT™ yellow plated for corrosion protection
- TS thread profile provides benefits of both single and twin thread design
- One size only (3.5 x 45mm) suitable for most popular floorboards currently available
- Can be removed for access
- Free driver bit in every box

INSTALLATION

- Insert at 30° to exposed face on tongue side where tongue and face intersect
- Drive through board into substrate
- Ensure head is below surface to prevent interference with next board
- Fit screw every 300mm
- If within 50mm of board end pre drill hole to prevent splitting

Brass Woodscrews

- Manufactured to BS1210 from non-corrosive solid brass. Bright dipped finish
- Single tapered thread
- Ideal for use in areas where rusting could be a problem or where appearance is important
- Particularly suitable where a decorative finish is required
- Widely used for furniture accessories made from brass, e.g. hinges, bathroom fittings, shelf fittings, handles, etc.

Self Tapping Screws

- Bright zinc plated hardened steel
- Type C (formerly AB)
- Ideal for use in thin sheet metal, brass, aluminium, plastic and fibre glass
- Used extensively in spring steel nut and clip applications
- Self tappers have the ability to form or tap their own threads into the mating material

STAINLESS STEEL

- A2 stainless steel, grade 304
- Clear passivated
- Single thread
- Countersunk cross head
- Highly resistant to corrosion
- Sharp point for easy location and starting
- Ideally suited for power driving
- Ideal for outdoor use

Range Information

HEXAGON HEAD TIMBER

- Hexagon washer head
- Mild brown Ruspert® finish
- Superior anti corrosion finish
- Heat treated hardened steel
- Gimlet point
- Coarse thread
- 500hr salt spray tested
- Heavy duty timber and landscape screw Used extensively for the drawing together of timbers
- Timber to timber and also component to timber applications
- Ideal for decking, fences, beams, rafters, sleepers, posts, joists and landscaping projects

Range Information

See pages 138-141 for Screwdriver Bits, page 136 for Magnetic Socket Driver

Drywall Screws

- Fully hardened
- C1022 steel
- Bugle head
- Phillips recess

Ideal for plasterboard, fibreboard and other insulation boards where these need to be fastened to wood or steel partitions

Used extensively in the partitioning and suspended ceiling industry

Available in fine or coarse thread

Fine thread:
for fixing plasterboard to metal studs

Coarse thread:
for fixing plasterboard to timber studs

- Sharp piercing point
- Twin thread

Black phosphate is a decorative finish providing limited protection against corrosion. The phosphate creates an extra binding between plaster and screw. Black phosphate will withstand 48hr salt spray test. Black phosphate is not suitable for use with water based fillers

Bright zinc plating offers a superior anti corrosion treatment which allows water based fillers to be used

FINE THREAD

HEXAGON HEAD WASHERED DRILLER

STEEL TO STEEL

- Manufactured to DIN 7504K
- C1022 case hardened carbon steel
- Hexagon flange head
- Bright zinc plated
- Light and heavy section types available to suit different steel thicknesses
- Assembled with EPDM galvanised steel washer
- Washer acts as insulation between substrate and fixture and also acts as a weatherseal
- Ideal for fixing cladding and corrugated sheet metal to steel construction

HEXAGON HEAD STITCHING SCREW

STEEL TO STEEL

- C1022 case hardened carbon steel
- Hexagon flange head
- Bright zinc plated
- Assembled with bonded EPDM galvanised steel washer
- Washer acts as insulation between substrate and fixture and also acts as a weatherseal
- Ideal for stitching overlapping profiled sheets together

Range Information

Product Code	Diameter mm	Length mm	Washer Diameter mm	A/F Dimension mm	Unit Qty
200-123-100	6.3	25	16	10	100

WAFER HEAD SELF DRILLER

STEEL TO STEEL

- Multi use, self drilling and self threading screw
- Low profile wafer head with cross recess
- Will drill through material up to 3mm thick
- Bright zinc plated
- Drills and fixes in one operation
- Ideal for securing thin metal sheets together e.g. cable trunking, cable tray & surface mounted boxes etc.
- Head design prevents snagging on cables and prevents component distortion
- Large flat under head area reduces the need for a washer

Range Information

Product Code	Diameter mm	Length mm	Unit Qty
200-124-090	4.2	13	200

ISOTIN® BITS

- Isotin coating provides a double titanium layer comprising a titanium carbide coating with a hardness of 95 HRC in addition to a titanium nitride surface treatment that gives a surface hardness of 3000 HV for high wear resistance and longer service life
- Optimised multistage hardening and annealing process gives 30% higher torque capacity compared with other bits
- Manufactured to DIN 3126 C 6,3 with standard 1/4" hexagon drive
- Supplied on hanging cards of 2 pcs or boxes of 10pcs

MAGNETIC BIT HOLDER DISPLAY

- Counter top display
- Clear plastic display with security cover
- Dimensions

Height	230mm
Width	190mm
Depth	120mm

- Contents
 - 24 BiG II quick release magnetic bit holders
 - Demonstration display bit holder with screw

Range Information

Product Code	Description	Unit Qty
231-447-040	BiG II Magnetic Bit Holder Display	1

ISOTIN® BIT PACKS

PACK 1

- Contains double magnetic bit holder
- 6 No. 2 25mm Cross bits

PACK 2

- Contains double magnetic bit holder
- 1 of each of the following 25mm bits
 - Cross No. 1, No. 2, No. 3
 - Phillips No. 1, No. 2, No. 3

Range Information

Product Code	Description	Unit Qty
231-446-360	Pack 1	1
231-446-350	Pack 2	1

ISOTIN® BIT PACK DISPLAYS

DISPLAY 1

- 12 packs
- Each pack contains:
 - Double magnetic bit holder and
 - 6 No. 2 25mm Cross bits

DISPLAY 2

- 12 packs
- Each pack contains:
 - Double magnetic bit holder, 1 of each of the following 25mm bits
 - Cross No. 1, No. 2, No. 3
 - Phillips No. 1, No. 2, No. 3

SCREW COVER CAPS

- Plastic hinged design

Range Information

Product Code	Colour	Unit Qty
6 - 8 GAUGE		
230-430-005	White	50
230-430-010	Brown	50
230-430-012	Black	50

- Decorative caps, ideal for covering screw or nail heads
- Supplied in labelled hanging poly bags

Product Code	Colour	Unit Qty
10 - 14 GAUGE		
230-430-015	White	50
230-430-020	Brown	50
230-430-025	Black	50
230-430-029	Dark Grey	50

SCREW COVER DOMES

- 2 part decorative plastic dome and collar set

Range Information

Product Code	Colour	Unit Qty
230-425-005	White	200
230-425-015	Dark Brown	200

- For covering screw and other fastener heads (6 - 8 gauge)
- Supplied in boxes of 200 domes and 200 collars

Product Code	Colour	Unit Qty
230-425-010	Black	200
230-425-020	Chrome	200

SCREW TOPS

- Plastic flush fitting screw top for countersunk cross screws
- Suitable for 6 - 10 gauge screws

Range Information

Product Code	Colour	Unit Qty
230-435-005	White	200
230-435-015	Brown	200

- Available in a wide range of colours
- Supplied in labelled hanging poly bags

Product Code	Colour	Unit Qty
230-435-065	Black	200
230-435-045	Oak	200

SCREW COVER CAPS HIGH PROFILE

- 2 part decorative plastic cap and collar set
- To cover 6 - 12 gauge screws, M6 coach screws or similar sized fasteners

Range Information

Product Code	Colour	Unit Qty
230-430-050	White	50

- 50 caps and 50 collars supplied in poly bags with hanging header card

Product Code	Colour	Unit Qty
230-430-055	Chrome	50

COVER CAPS

- Designed specifically for frame anchor screws but can be used for other products

Range Information

Product Code	Colour	Description	Unit Qty
PUSH IN CAPS FOR NYLON FRAME ANCHORS			
072-150-050	White	Cover Caps for 8mm Anchors	50
072-150-060	White	Cover Caps for 10mm Anchors	50

- Supplied in labelled hanging poly bags

Product Code	Colour	Description	Unit Qty
PUSH OVER CAPS FOR METAL FRAME ANCHORS			
073-151-035	White	Cover Caps for all sizes	50

See page 107 for Frame Anchors

CORRUGATED ROOFING CAPS

- Soft plastic hinged roof fixing sealing cap
- For sealing and protecting fixings used to fix roof sheeting to timber sub frames
- Large surface area for easy sealing and excellent wather resistance
- Ideal for use with plastic roof sheeting
- Can be used with 10 gauge RH cross woodscrews or M5 roofing bolts
- Supplied in labelled poly bag

Range Information

Product Code	Description	Colour	Unit Qty
230-450-010	M6 x 20 Cap & Washer	Clear	100
230-450-020	M6 x 20 Cap & Washer	Black	100
230-450-025	Mini Roofing Spacer 18mm	Clear	100

See pages 118-119 for Roundhead Cross Screws, page 87 for Roofing Bolts

SEALING WASHERS & COVERS

- Specialist range of sealing washers & covers for traditional roof fixings
- Made from premium grade UV stabilised soft plastic for weather resistant seals
- Sealing washer will effectively seal on most flat or convex fibre cement and translucent sheet surfaces
- Shallow sealing cover can be used with roofing bolts, coach screws and hexagon head timber screws
- Deep sealing cover is designed for use with hook bolts and Z bolts
- Supplied in labelled poly bag

Range Information

Product Code	Description	Colour	Unit Qty
230-450-030	M8 x 28mm Sealing Washer	Black	100
230-450-035	M8 x 28mm Sealing Washer	Clear	100
230-450-040	28mm Shallow Sealing Cover	Black	100
230-450-045	28mm Shallow Sealing Cover	Clear	100
230-450-050	28mm Deep Sealing Cover	Black	50

See page 87 for Roofing Bolts, page 87 for Hook Bolts, page 129 for Coach Screws and page 131 for Hexagon Head Timber Screws

CORRUGATED ROOFING CAP KITS

Range Information

Product Code	Description	Colour	Unit Qty
230-450-100	Cap - Washer & Screw Pack M6 x 20 Cap - Washer, 10 x 2 RH Cross Screws	Clear	100

242-222-040	Tub 7	Brown Plugs and Chipboard Screws	400 Brown wall plugs and 400 chipboard 5 x 50mm screws	1	4

SELF DRIVE FIXINGS

- Tough storage tubs complete with self drives and screws
- Ideal for all trades
- Keeps fixings safe and clean
- Available as individual tubs or cartons of 4

Range Information

Product Code	Tub Ref No.	Description	Contents	Unit Qty	Carton Qty
242-222-140	Tub 5	Self Drive Cavity Fixings and Screws	200 Self drive cavity fixings and 200 fixing screws	1	4

DRYWALL SCREWS

- Tough storage tubs complete with popular sizes of fine thread black phosphate drywall screws
- Ideal for all trades
- Keeps fixings safe and clean
- Available as individual tubs or cartons of 4

Range Information

Product Code	Tub Ref No.	Description	Contents	Unit Qty	Carton Qty
242-222-190	Tub 15	Black Phosphate Drywall Screws	1900 3.5 x 32mm Black phosphate drywall screws	1	4
242-222-200	Tub 16	Black Phosphate Drywall Screws	1500 3.5 x 38mm Black phosphate drywall screws	1	4
242-222-210	Tub 17	Black Phosphate Drywall Screws	1200 3.5 x 42mm Black phosphate drywall screws	1	4
242-222-220	Tub 18	Black Phosphate Drywall Screws	900 3.5 x 50mm Black phosphate drywall screws	1	4

CABLE CLIPS

- Tough storage tubs complete with popular sizes of cable clips
- Ideal for all trades
- Keeps fixings safe and clean
- Available as individual tubs or cartons of 4

Range Information

Product Code	Tub Ref No.	Description	Contents	Unit Qty	Carton Qty
242-222-180	Tub 14	Flat Cable Clips	400 1.5mm ² and 400 2.5mm ² flat grey cable clips	1	4
242-222-185	Tub 27	Flat Flexible Cable Clips	400 5 x 8 and 400 6 x 10 flat flexible grey cable clips	1	4

DECKING SCREWS

- Tough storage tubs complete with decking screws
- Ideal for all trades
- Keeps fixings safe and clean
- Available as individual tubs or cartons of 4

Range Information

Product Code	Tub Ref No.	Description	Contents	Unit Qty	Carton Qty
242-222-110	Tub 8	Brown Ruspert Decking Screws	500 Ruspert M4.5 x 50mm (8 x 2") decking screws	1	4
242-222-120	Tub 9	Brown Ruspert Decking Screws	500 Ruspert M4.5 x 60mm (8 x 2 1/2") decking screws	1	4

242-222-170	Tub 13	DECK-TITE Decking Screws	500 Deck-Tite 8 x 3" decking screws	1	4

GALVANISED CLOUT NAILS

- Tough storage tubs complete with rust resistant galvanised clout nails
- Ideal for all trades
- Keeps fixings safe and clean
- Available as individual tubs or cartons of 4

APPLICATIONS

For securing roofing felt, slates and other roofing materials

Also suitable for securing electrical cable capping

Range Information

Product Code	Tub Ref No.	Description	Contents	Unit Qty	Carton Qty
242-222-280	Tub 24	Galvanised Clout Nails	3.0kg 2.65 x 30mm galvanised clout nails	1	4
242-222-290	Tub 25	Galvanised Clout Nails	3.0kg 2.65 x 40mm galvanised clout nails	1	4
242-222-300	Tub 26	Galvanised Clout Nails	1.5kg each 2.65 x 30mm & 40mm galvanised clout nails	1	4

WAFER HEAD SELF DRILLING SCREWS

- Tough storage tubs complete with wafer head self drilling screws
- Ideal for all trades
- Keeps fixings safe and clean
- Available as individual tubs or cartons of 8

Range Information

Product Code	Tub Ref No.	Description	Contents	Unit Qty	Carton Qty
242-222-250	Tub 21	Wafer Head Self Drilling Screws	120 4.2 x 13mm, 100 4.8 x 16mm 80 5.5 x 20mm, 30 5.5 x 40mm	1	8

PAN HEAD SELF TAPPING SCREWS

- Tough storage tubs complete with pan head cross recess self tapping screws
- Ideal for all trades
- Keeps fixings safe and clean
- Available as individual tubs or cartons of 8

Range Information

Product Code	Tub Ref No.	Description	Contents	Unit Qty	Carton Qty
242-222-260	Tub 22	Pan Head Cross Self Tapping Screws	200 8 x 1/2", 100 8 x 3/4" 50 8 x 1", 50 8 x 1 1/2"	1	8

CSK HEAD SELF TAPPING SCREWS

- Tough storage tubs complete with countersunk head cross recess self tapping screws
- Ideal for all trades
- Keeps fixings safe and clean
- Available as individual tubs or cartons of 8

Range Information

Product Code	Tub Ref No.	Description	Contents	Unit Qty	Carton Qty
242-222-270	Tub 23	CSK Head Cross Self Tapping Screws	200 8 x 1/2", 100 8 x 3/4" 50 8 x 1", 50 8 x 1 1/2"	1	8

Storage Cases

- Strong, metal storage cases with removable colour coded plastic inserts
- Twin toggle catches plus safety release button
- Fold down metal handle
- Supplied complete with a range of screws & fixings or empty
- Case size 330 x 230 x 65mm (small) or 385 x 280 x 65mm (large)
- Tough blue painted finish with Olympic Fixings logo

Cutting & Abrasive Discs

METAL CUTTING DISCS

- Metal cutting disc
- Good service life
- Fast cutting
- An all purpose disc, suitable for cutting all types of metal
- Manufactured to EN 12413

Range Information

Product Code	Reference Number	Size mm Diameter & Thickness	Shape	Bore Diameter mm	Unit Qty
099-016-005	A24R	115 x 3.0	Depressed	22	25
099-016-025	A24R	230 x 3.0	Depressed	22	25
099-016-045	A24R	300 x 3.5	Flat	20	25

- Metal cutting disc
- Very hard, highest quality materials
- An all round blade which provides fast cutting capacity and outstanding service
- Ideal for cutting pipes and thin walled sections
- Manufactured to EN 12413

Range Information

Product Code	Reference Number	Size mm Diameter & Thickness	Shape	Bore Diameter mm	Unit Qty
099-016-175	AS30V	230 x 3.0	Depressed	22.0	25

STAINLESS STEEL CUTTING DISCS

- Metal cutting disc
- High speed cutting with reduced effort
- Long service life
- Ideal for steel & stainless steel, in particular sheet and thin wall profiles
- Thin disc reduces cutting effort required
- The standard disc for tank construction
- Manufactured to EN 12413

Range Information

Product Code	Reference Number	Size mm Diameter & Thickness	Shape	Bore Diameter mm	Unit Qty
099-016-205	AS46T	230 x 1.9	Depressed	22	25

- Metal cutting disc
- Very thin disc gives an extremely clean cut
- Minimum force required and very low vibration levels
- Suitable for thin sheet metal, stainless steel and non-ferrous metals in tank construction, car body and similar applications
- Manufactured to EN 12413

Range Information

Product Code	Reference Number	Size mm Diameter & Thickness	Shape	Bore Diameter mm	Unit Qty
099-016-165	AS60T	115 x 1.0	Flat	22	25

Cutting & Abrasive Discs

METAL GRINDING DISCS

- Metal grinding disc
- Good service life
- An all purpose disc
- Good material removal rate
- Suitable for all types of metal but primarily sheet steel, construction steel & welding seams
- Manufactured to EN 12 413

Range Information

Product Code	Reference Number	Size mm Diameter & Thickness	Shape	Bore Diameter mm	Unit Qty
099-016-125	A30T	115 x 6.0	Depressed	22	10
099-016-145	A30T	230 x 6.0	Depressed	22	10

STONE CUTTING DISCS

- Stone cutting disc
- Fast cutting
- Good service life
- Suitable for all construction site materials including concrete, stone, roof tiles, sandstone & limestone
- Manufactured to EN 12 413

Range Information

Product Code	Reference Number	Size mm Diameter & Thickness	Shape	Bore Diameter mm	Unit Qty
099-016-065	C24R	115 x 3.0	Depressed	22	25
099-016-085	C24R	230 x 3.0	Depressed	22	25
099-016-105	C24R	300 x 3.5	Flat	20	25

METAL & STONE CUTTING DISC

- Multi purpose cutting disc which will cut metal & stone
- Good cutting performance
- Disc changing not required so time is saved
- Ideal for cutting stainless steel, mild steel, stone and especially wall tiles
- Low burr to burr free edges
- Manufactured to EN 12 413

Range Information

Product Code	Reference Number	Size mm Diameter & Thickness	Shape	Bore Diameter mm	Unit Qty
099-016-185	ACS60T	115 x 1.2	Flat	22	25

FIBRE DISCS

- Standard abrasive disc with normal corundum
- Suitable for sanding metal, cast iron & wood
- High material removal rate
- Backing pad required for use
- Manufactured to EN 13 743

Range Information

Product Code	Grit Grade	Diameter mm	Bore Diameter mm	Unit Qty
099-016-225	A40	115	22	25
099-016-245	A60	115	22	25

ABRASIVE ROLLS

- Available in a wide range of types, grit grades and roll lengths
- Suitable for hand and machine use

FLEXI-RED

- Aluminium oxide D weight latex backed paper, resin bonded and water resistant
- Suitable for hand & power sanding on metal, masonry, ceramics, plastics, hard fillers, enamels & hard woods

GREEN

- Aluminium oxide E, 220g E weight flexed paper, urea glue bonded
- Suitable for hand & power sanding on paint, plaster, fillers, boards and soft woods

- 5 metre rolls sold individually, 1 metre rolls sold in shelf merchandisers of 18

YELLOW

- Aluminium oxide 200g modified E weight flexed paper, glue bonded
- Suitable for hand & power sanding on paint, plaster, fillers, boards and soft woods

GRIT GRADES

- P40 Extra Coarse
- P60 Coarse
- P80 Medium
- P120 Fine

Handsaws

HARDBOARD HANDSAW

- Size 22" (560mm)
- Extra sharp teeth produced by unique continuous grinding technology
- Hardpoint teeth for extra life
- Ergonomically designed ABS handle
- Handle features 45° and 90° angles for marking out
- 7 TPI/8pts

Range Information

Product Code	Description	Unit Qty	Carton Qty
100-230-015	22" Hardpoint Saw	1	20

FINE TOOTH SAWS

- Two sizes 14" and 20"
- 13pts per 25mm
- Heavy duty blade
- Soft grip 45/90° handle
- Super fine cut for plastics & laminates
- Magnetic tooth guard
- Triple ground teeth

Range Information

Product Code	Description	Unit Qty	Carton Qty
100-230-050	14" Fine Tooth Saw	1	10
100-230-060	20" Fine Tooth Saw	1	10

MORSE JAB SAW

- Jab saw handle fitted with general purpose 6" (150mm) 6 TPI bi-metal reciprocating saw blade
 - Ergonomic handle design
 - Can be used with reciprocating blades or hacksaw blades
 - Supplied on hanging card
- APPLICATIONS**
Multi use - perfect for small, quick cutting jobs
Cuts wood, metal, plastics and many more materials

Range Information

Product Code	Description	Unit Qty	Carton Qty
100-230-040	Morse Jab Saw	1	6

See page 37 for replacement Reciprocating Blades, page 41 for replacement Hacksaw Blades

HACKSAW FRAME

- Size adjustable from 10" to 12" (250-300mm)
- Flat sided adjustable oval frame for maximum strength
- Hand grip designed for comfort and protection
- Complete with 24 TPI blade

Range Information

Product Code	Description	Unit Qty	Carton Qty
100-230-005	10" - 12" Hacksaw	1	6

100-230-010	6" Junior Hacksaw	1	25

See page 40 for replacement Hacksaw Blades

DRYWALL SAW

- Size 6" (150mm)
- Extra sharp hardpoint universal teeth for long life
- Specifically designed for cutting through plasterboard, MDF and wood
- Heavy duty 1.2mm thick steel
- Ideal for electrical socket and switch box hole cutting
- 8 TPI blade
- Supplied individually in hanging blister packs

Range Information

Product Code	Description	Unit Qty	Carton Qty
100-230-025	6" Drywall Saw	1	6

Mainstester Screwdrivers

VOLTAGE INDICATORS

- 2 sizes suitable for most applications
- Smaller size has pocket clip
- Hot forged blades
- Handles made from high quality cellulose acetate
- Ergonomic handle for secure grip
- Magnifying window in handle ensures an excellent view of the illuminated display
- Supplied with hanging clip

INSTRUCTIONS FOR USE

The voltage indicator is suitable for testing AC Voltages from 100v - 500v against earth

The metal part on top of the indicator must be touched to operate it and the earthing position of the user largely determines whether it lights up or not

Failure to light up therefore does not indicate with certainty that no voltage is present

Damaged mainstesters must not be used

Range Information

Product Code	Size mm	Unit Qty	Display Qty

UTILITY KNIVES

RETRACTABLE TRIMMING KNIVES

- Standard heavy duty & deluxe version available
- Accepts all standard utility blades
- Deluxe version supplied with cross screwdriver bit and three spare blades in metal body
- Supplied in hanging blister packs

Range Information

Product Code	Description	Unit Qty
107-242-025	Standard Heavy Duty Knife & Blade	1
107-242-023	Deluxe Heavy Duty Knife & Blade	1

SNAP-OFF KNIVES

- Range of three products available to suit different applications
- Plastic (standard) or metal body (deluxe) construction
- 2 spare blades in the handle of each knife
- Supplied in hanging blister packs

Range Information

Product Code	Description	Unit Qty
107-247-045	Standard Snap Off Knife - 9mm 13 point blade	1
107-247-040	Standard Snap Off Knife - 18mm 8 point blade	1
107-247-030	Deluxe Snap Off Knife - 18mm 8 point blade	1

UTILITY BLADES CARDED

- High carbon knife steel
- Heavy gauge for rugged use
- Can be used in all standard utility knives
- Standard and deep hook versions available
- Packed in safety dispensers of 10 blades
- Supplied in hanging blister packs

Range Information

Product Code	Description	Blister Qty	Unit Qty
107-247-060	Standard Blade	10	1
107-247-065	Deep Hook Blade	10	1

SNAP-OFF BLADES CARDED

- High carbon knife steel
- Fits all standard snap-off or breakaway knives
- Packed in safety dispensers of 10 blades
- Supplied in hanging blister packs

Range Information

Product Code	Description	Blister Qty	Unit Qty
107-247-075	9mm 13 Point Blade	10	1
107-247-070	18mm 8 Point Blade	10	1

Knives & Blades

**OLYMPIC
FIXINGS**

UTILITY BLADES BOXED

- High carbon knife steel
- Heavy gauge for rugged use
- Can be used in all standard utility knives
- Standard and deep hook versions available
- Packed in safety dispensers of 5 blades, 20 dispensers to a box

Range Information

Product Code	Description	Unit Qty
BOX OF 100 BLADES		
107-242-010	Standard Blade	1
107-242-015	Deep Hook Blade	1

Cable Tidy

**OLYMPIC
FIXINGS**

CABLE TIDY

- Flexible cable tidy helps to de-clutter all cables
- Keeps cables tidy, tangle free and undamaged
- Single size and colour suits most applications
- Includes a cable insertion tool for ease of use
- Can be used with computer, power, telephone, TV & Hi-Fi cables around workstations, printers, AV equipment stands, serving counters and many other areas where cables are visible and potentially hazardous
- Supplied individually in poly bag with hanging header card

Range Information

Product Code	Description	Colour	Unit Qty
080-174-010	25mm x 2m Cable Tidy	Grey	1

Chalk

CHALK REEL

- 30 metre (100') long
- Durable construction
- Fold away winding handle
- Case doubles as plumb bob & line
- Leak proof slide fill opening
- Self locking metal handle

- Large grip anchor ring
- Self chalking line
- Supplied individually on skin packed hanging cards

APPLICATIONS

For quick effective line marking when building, decorating, gardening etc.

Range Information

Product Code	Description	Unit Qty
235-500-005	Chalk Reel	1

MARKING CHALK

- Refill powder supplied in nozzle-cap bottles
- Colour of cap is colour of chalk

LM-90 LINE MARKER

PAINT SPRAY

- Can be used on concrete, stone, tarmac, asphalt, grass, gravel and soil
- Long lasting bright colours
- High quality, fast drying
- Lead free
- Fits all popular application machines or can be used by hand

Colour applications

Yellow	Caution/Hazard, General Marker
White	General Marker
Red	Prohibited/Danger, Electricity
Blue	Mandatory/Protection, Water
Green	Safe Condition/Direction, Cable Work
Orange	Hazard/Caution
Black	Cover Existing Lines

Range Information

Product Code	Colour	Size	Unit Qty	Carton Qty
237-507-200	Yellow	750ml Aerosol Spray	1	12
237-507-220	White	750ml Aerosol Spray	1	12

237-507-320	Orange	750ml Aerosol Spray	1	12

HEAT RESISTANT PAINT

- A protective and decorative heat resistant paint
- Stable at temperatures up to 600°C
- Suitable for use on domestic stoves, furnace chimneys, industrial ovens & exhausts etc.
- Handy tin suitable for touch up work
- Aerosol ideal for larger areas and a smooth surface

Range Information

Product Code	Colour	Size	Unit Qty	Carton Qty
237-507-440	Matt Black	125ml Tin	1	12
237-507-445	Matt Black	400ml Aerosol Spray	1	12

See pages 194 & 195 for Flue Block & Fire Cement

RX-90 RED OXIDE ANTI RUST PRIMER

- Fast drying formula
- For use on clean or lightly rusted metal
- Over-coatable with most popular paints

Range Information

Product Code	Colour	Size	Unit Qty	Carton Qty
237-507-087	Red	500ml Aerosol Spray	1	15

ZG-90 COLD ZINC GALVANISING SPRAY

- Corrosion protection treatment
- Fast drying rust prevention
- Use on light rust or clean metal
- Two buttons for varied spray patterns
- Ideal coating for new galvanised metal
- Blends with galvanised metal when dry
- Suitable as a base for most common finishes
- Not for use on the inside of potable water storage tanks
- Can be used as a primer or a top coat

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-080	500ml Aerosol Spray	1	15

MZ-90 MATT COLD ZINC GALVANISING SPRAY

- Corrosion protection treatment
- Fast drying rust prevention
- Use on light rust or clean metal
- Matt finish matches appearance of many metallic coated items
- Two buttons for varied spray patterns
- Blends very well with galvanised metal when dry
- Suitable as a base for most common finishes
- Not for use on the inside of potable water storage tanks
- Can be used as a primer or a top coat

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-078	500ml Aerosol Spray	1	15

ZG-90 ANTI RUST PAINT WITH ZINC

- Primer and top coat in one product
- Needs no undercoat
- 5 year protection when correctly applied
- Two buttons for varied spray patterns
- Not for use on the inside of potable water storage tanks

Range Information

Product Code	Colour	Size	RAL Colour Reference	Unit Qty	Carton Qty
237-507-068	Red	500ml Aerosol Spray	3002	1	15
237-507-069	Blue	500ml Aerosol Spray	5017	1	15
237-507-070	Green	500ml Aerosol Spray	6005	1	15
237-507-071	White	500ml Aerosol Spray	9010	1	15

237-507-152	Plant Machine Yellow	500ml Aerosol Spray	1007	1	15

ZINC RICH PAINT

- Zinc rich paint provides rust inhibiting protection to ferrous metalwork
- Ideal for protecting structural steelwork, agricultural and construction plant, gates, railings, pipework & guttering
- Also used for rust prevention following welding
- Easily applied without undercoat. It is a one coat treatment
- Can be used on lightly rusted or clean material
- Not for use on the inside of potable water storage tanks

Range Information

Product Code	Colour	Size	Unit Qty	Carton Qty
237-507-370	Grey	500ml Tin	1	6

HT-90 HIGH TEMPERATURE RESISTANT PAINT

- Fast drying
- Withstands temperatures up to 300°C
- Tough durable coating when cured
- Protects all types of metals from corrosion and extreme weathering
- Ideal for surfaces that are exposed to high temperatures such as heat exchangers, construction equipment and commercial vehicle exhaust systems, industrial ovens, multi fuel and gas stoves, furnaces, boilers, chimneys, heaters, engine rooms, pipe work, barbeques and fireplaces
- Primer is not required

Range Information

Product Code	Colour	Size	Unit Qty	Carton Qty
237-507-650	Matt Black	500ml Aerosol Spray	1	15
237-507-660	Silver	500ml Aerosol Spray	1	15

See pages 194 & 195 for Flue Block & Fire Cement

STAIN BLOCK

- Heavily pigmented white paint
- Permanently prevents existing stains showing through subsequent coatings
- Will cover most stains, including water, mould, rust, nicotine, grease, soot etc.
- Quick drying, over coating possible in fifteen minutes
- For interior use
- Solvent based

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-340	400ml Aerosol Spray	1	12

GRAFFITI REMOVER

- Powerful non-drip gel formula
- Works on vertical and horizontal surfaces
- Removes paint, felt tip marker pen and most other forms of casual graffiti
- Water washable
- Effective on all substrates
- Suitable for both interior and exterior use
- Solvent based

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-186	400ml Aerosol Spray	1	12

PATINATION OIL

- Specially developed coating for new lead work
- Designed to minimise staining that affects lead and surrounding materials
- Provides an even colour and protects surfaces

APPLICATION

Apply evenly with a soft absorbent cloth as soon as possible and before rain or the end of that days work

1 litre will cover approximately 60m²

Range Information

Product Code	Colour	Size	Unit Qty	Carton Qty
237-507-600	Straw	500ml Can	1	18
237-507-610	Straw	1 litre Can	1	10

AC-90 LIQUID MAINTENANCE

- All purpose lubricant and release spray
- Displaces moisture
- Penetrates
- Releases
- Cleans
- Loosens rusted parts
- Protects against rust
- Does not contain silicones
- Does not conduct electricity

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-005	250ml Aerosol Spray	1	15
237-507-015	425ml Aerosol Spray	1	15
237-507-023	500ml Aerosol Spray	1	15
237-507-030	5 litre Can	1	4
237-507-037	Metal Hand Spray Dispenser 425ml - Empty	1	1

ANTI STATIC FOAM CLEANER

- General purpose cleaner suitable for metal, glass, plastics, tiles, mirrors, gloss painted surfaces and stainless steel equipment
- Will remove grease, oil and general soiling from most hard surfaces

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-196	500ml Aerosol Spray	1	15

CT-90 CUTTING & TAPPING LUBRICANT

- Ideal for use on all steels, even stainless steel & ceramics
- Extends cutting tool life
- High anti-weld features
- Does not contain silicones or CFC's
- Reduces heat and improves finish
- Not suitable for yellow metals
- Makes drilling, hacksawing & thread cutting easier
- Allows higher rate of metal removal
- Ideal for pipe threading machines

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-040	500ml Aerosol Spray	1	15
237-507-048	500ml Fluid Squeeze Bottle	1	12
237-507-054	480gm Compound Tin	1	12

IPA ISOPROPYL ALCOHOL COMPONENT CLEANER

- Specially formulated to clean delicate electrical components containing plastic & rubber parts
- Will clean electrical switches & contacts, rapidly evaporating and leaving no residue
- Conforms to BS 1595/ASTM, DIN 770, DIN 53245
- Also used to remove flux residue after soldering, cleaning circuit boards and a variety of electronic components & switches in addition to general removal of dirt, grime and general soiling from delicate electrical equipment and components

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-550	500ml Aerosol Spray	1	15

WG-90 WHITE GREASE & PTFE

- Water resistant general purpose grease with PTFE additive for superior performance
- Ideal for engineering, automotive, farm and DIY
- High quality lubricant, resistant to heat and water
- Provides lasting lubrication and protection
- Very good adhesive qualities
- Reduces wear of moving parts i.e. chains, gears, axles and locks

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-096	500ml Aerosol Spray	1	15

CG-90 CLEAR GREASE & PTFE

- Water resistant general purpose grease with a high percentage of PTFE additive for superior performance
- Clear finish improves after application aesthetics
- Ideal for engineering, automotive, farm and DIY
- Very good adhesive qualities with strong anti fling properties
- Safe for use in food preparation areas and approved to H1 standard by IN5 certification
- High quality lubricant, resistant to water, steam, acid and alkalis
- Provides lasting lubrication and protection
- Very good adhesive qualities
- Reduces wear of moving parts ie. chains, gears, axles and locks

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-097	500ml Aerosol Spray	1	15

See page 191 for Food Safe Sealant

CS-90 ANTI-SEIZE LUBRICANT

- Anti-seize lubricant reinforced with copper flakes and graphite powder
- Allows easy release of components
- Water and steam resistant
- Working temperature - 10°C to +1200°C
- Prevents metal to metal heat welding
- Suitable for marine uses

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-110	500ml Aerosol Spray	1	15

SP-90 MAXIMUM SILICONE SPRAY

- A superior silicone lubricant for light lubrication in chemical and other industries where a clean, clear, dry lubricating film is preferred
- Stable over a wide range of temperatures
- Prevents sticking of rubber or plastic parts
- Can also be used as a release spray

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-060	500ml Aerosol Spray	1	15

MULTI-PURPOSE LUBRICATING OIL

- High quality mineral lubricating oil with anti-rust properties
- Clean for household use yet strong enough for industrial applications
- Contains a special blend of anti-rust agents for protecting all treated surfaces against corrosion
- Does not contain silicone

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-101	415ml Aerosol Spray	1	15
237-507-102	500ml Squeeze Bottle	1	12

CD-90 CHAIN & DRIVE LUBRICANT

- Extreme pressure heavy duty lubricant
- Multi-viscosity
- Starts thin for penetration then thickens for performance
- Resists throw off on moving chains
- Can be used as a general heavy duty lubricant and also as a slideway lubricant
- Ideal for all types of driving chains, bearings, conveyor systems and fast moving parts

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-190	500ml Aerosol Spray	1	15

RP-90 RAPID PENETRATING SPRAY

- Rapid penetrating & release fluid for rusty nuts, bolts and fixings
- 30% less dense than water resulting in excellent penetrating power and releasing capabilities
- Protects against rust and corrosion

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-093	500ml Aerosol Spray	1	15

ESC PLASTIC SAFE ELECTRICAL SWITCH CLEANER

- A solvent cleaner for parts containing plastics or lacquer
- Leaves no residue
- Removes oil and grease
- Formulated for use on delicate equipment
- Suitable for metal, glass, plastic, tiles, gloss painted surfaces and stainless steel equipment

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-120	500ml Aerosol Spray	1	15

AD-90 HIGH PRESSURE DUST BLASTER

- Compressed air blast
- Effectively removes dust and debris from burner jets, boiler parts, control boxes, electrical components etc.
- Clean, dry, non-flammable jet
- All angle valve for 360° operation
- Multi-use product

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-168	400gm Aerosol Spray	1	15

TF-90 CLEANING SOLVENT & DEGREASER

- Quick drying, cleaning solvent & degreaser
- Ideal for rapid cleaning of electrical components & metal items
- Removes oil, grease, flux, tar, wax, carbon, grime and general soiling
- Fast drying, it leaves no surface residue

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-390	500ml Aerosol Spray	1	15

AS-90 MULTI USE WELDERS FLUID

- Anti spatter reduces adhesion on work, nozzles, jigs and fixtures
- Wire feed lubricant allows smooth wire flow
- Provides post weld corrosion protection
- Totally non-flammable CO₂ propellant
- Silicone free
- Reduces weld porosity
- Helps to stop wire sticking in welding machine lines

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-160	400gm Aerosol Spray	1	15

SA-90 INDUSTRIAL STRENGTH ADHESIVE

- Suitable for use on softwood, plywood, plasterboard, MDF, laminate board, hardboard, steel, plastic sheets, carpet tiles, underlay, fabric, foams and felts
- Variable spray valve control system for light, medium and heavy discharge rates

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-182	500ml Aerosol Spray	1	15

SC-90 STAINLESS STEEL CLEANER

- For use as a general cleaner on surfaces in food processing areas
- Effectively removes general soiling, watermarks and food residue
- A1 Food Grade certified by InS#1795951
- Does not contain solvent, abrasives, acids, bleach or salts

- Leaves a unique protective soil resistant film on treated surfaces
- Effective on all types and finishes of stainless steel

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-410	500ml Aerosol Spray	1	15

See page 191 for Food Safe Sealant

LD-90 GAS LEAK DETECTOR

- Micro-porous foam shows up leaks at any location
- Ideal for use with gas detecting equipment
- Safe on skin, clothes, woodwork, metals and plastics
- Non-flammable compressed air propellant
- Safe in confined space

- Available as multi angle aerosol spray or non drip gel bottle
- Not for use on medical gas equipment where ingress into airways may occur
- Gel is ideal for tracing leaks on vertical surfaces where fluids will drip or run before detecting a leak

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-138	250ml Gel Bottle	1	15
237-507-140	400ml Aerosol Spray	1	15

PF-90 PIPE FREEZE

- Forms a safe temporary ice plug
- Works in most pipes up to 25mm (1") diameter
- Safe in copper, lead, plastic & stainless steel pipes

- Remains frozen for approximately 30 minutes
- Does not require system drain down, or mains to be turned off

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-670	500gm Aerosol Spray	1	15

BC-90 BRAKE & CLUTCH CLEANER

- Powerful cleaner for brake & clutch parts
- Removes dirt, grime, dust, fluids, oils and other contaminants
- Can be used as a solvent and degreaser for metal parts

- Free from CFC's
- Evaporates leaving no residue
- Eases brake squeal and clutch chatter
- Use without dismantling brakes or clutches

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-380	500ml Aerosol Spray	1	15

BD-90 DRIVE BELT DRESSING

- Formulated to restore friction to all types of driving belt including flat, round, V belts and conveyors
- Can be used on rubber, leather, canvas and most types of synthetic material
- Stops chirping and squeaking and quiets the belt by reducing slippage; also prevents the belt fraying and glazing
- Can be used on wet belts and in exterior locations
- Ideal for farm machinery, alternator drive belts, fan belts, industrial belt drives, power transmission belting and water pump belts etc.

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-490	500ml Aerosol Spray	1	15

DISPLAYS

- Counter Display
- Used with any combination of aerosol products
- Dimensions
 - Height 430mm
 - Width 440mm
 - Depth 350mm
- Holds 30 aerosols

Cleaning Products

PVCu & Glazing Cleaners	178
Wipes & Hand Cleaners	179
Caustic Soda Powder	179
Surface Treatments	180
Examination Gloves	181
Sugar Soap	181
Non Toxic Cleaners	182

PVCu & Glazing Cleaners

PVCu SOLVENT CLEANER

- Effectively removes ingrained dirt from PVCu frames, cladding, trims and most plastics
- Fast acting
- Restores surface colour without leaving a residue
- Solvent based
- Not for use on wood grain PVC finishes

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-460	1 litre Bottle	1	12

PVCu CREAM CLEANER

- Effectively removes ingrained dirt, stains and pollution from PVCu frames, cladding and trims without scratching
- Buffs to a deep sheen finish
- Non corrosive
- Also suitable for use in the home. Ideal for cleaning taps, trims, plastic or enamel baths and tiles
- Solvent free

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-470	1 litre Bottle	1	12

PVCu FOIL SAFE CLEANER

- For use with all foil wrapped PVCu frames, cladding and trims
- Safely and effectively removes uncured foam and silicone, adhesive desposits, dust, dirt and grime
- Non abrasive
- Mild organic solvent

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-480	1 litre Bottle	1	12

GLASS CLEANER

GLAZING CLEANER

- Powerful glass cleaning agent
- Contains high levels of detergent and solvents for rapid drying
- Leaves a smear and static free finish
- Ideal for use on glass, tiling, some VDU's & TV's and chrome work

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-430	1 litre Trigger Spray	1	12

Wipes & Hand Cleaners

HAND WIPES

CLEAN UP WIPES

- No mess, no fuss, quick and highly effective solution for most professional clean up jobs
- Standard wipe for most applications, heavy duty textured wipe for removing ingrained soiling
- No water required so ideal for site work
- Will remove oil, grease, dirt, grime, paint, ink, silicone, adhesives etc
- Ideal for cleaning hands, tools, equipment & surfaces
- Specifically woven materials with a deep cleaning anti-bacterial solution

Range Information

Product Code	Type	Quantity of Wipes	Unit Qty	Carton Qty
236-600-025	Standard	80	1	12
236-600-070	Heavy Duty	70	1	6

HAND CLEANER

- A powerful gelled hand cleaner with polybeads
- Ideal for the building and associated trades
- Will clean wet & semi cured paints, sealants, adhesives, grease, oil, petrol, ink and bitumen from hands
- Contains emollients to protect the skin
- Pleasant citrus fragrance
- Biodegradable organic surfactant
- Petroleum solvent free

Range Information

Product Code	Size	Unit Qty	Carton Qty
236-600-085	1 litre Tub	1	12

STOCKINETTE ROLL

- Highly absorbent cotton roll
- 100% woven cotton material
- Ideal for polishing and a wide variety of cleaning tasks
- Very economical and can be cut to length required

Range Information

Product Code	Size	Unit Qty
236-600-060	400gm Roll	1

Caustic Soda Powder

CAUSTIC SODA POWDER

- White granular powder
- Powerful fast acting formula
- When added to water produces a solution which is ideal for unblocking drains or heavy duty cleaning

Range Information

Product Code	Size	Unit Qty
236-600-100	500gm Bottle	1

BRICK & PATIO CLEANER

- Fast acting brick and patio stain remover
- Also removes ingrained dirt and most paints
- Suitable for use on most surfaces including brick, stone, concrete, paving flags etc.
- Rapid action acid based formula
- Solvent free and water based
- Clean up after use with cold water

Range Information

Product Code	Size	Unit Qty	Carton Qty
238-530-005	1 litre	1	12
238-530-015	5 litre	1	4

MORTAR STAIN REMOVER

- High strength mortar and cement stain remover
- Also dissolves ingrained dirt and most paints
- Can be used on brick, render and concrete
- Fast acting highly concentrated formula
- Solvent free and water based
- Clean up after use with cold water

Range Information

Product Code	Size	Unit Qty	Carton Qty
238-530-050	5 litre	1	4

FUNGICIDAL WASH

MOSS & MOULD REMOVER

- Powerful fungicidal moss and mould removing wash
- Will remove moss, lichens, fungi and algae
- For use on all mineral surfaces including walls, paths, roofs & drives etc.
- Water based product

Range Information

Product Code	Size	Unit Qty	Carton Qty
238-530-060	1 litre	1	12
238-530-065	5 litre	1	4

OIL AWAY

- A ready to use high performance cleaner for drives, paths, patios, garage floors and car parks
- Removes oil, petrol, diesel, grease and general dirt and grime
- For use on most surface types including concrete, stone, tarmac and most common paving materials
- Can also be used as a general cleaner to revive the look of pathway and patio areas

Range Information

Product Code	Size	Colour	Unit Qty	Carton Qty
238-530-090	1 litre	Clear	1	12

Examination Gloves

LATEX

- Lightly powdered
- Available in a range of sizes
- Ambidextrous
- Supplied in boxes of 100

Range Information

Product Code	Size	Unit Qty	Carton Qty
251-400-015	Medium	100	1000
251-400-020	Large	100	1000
251-400-025	Extra Large	100	1000

VINYL

- Lightly powdered
- Available in a range of sizes
- Ambidextrous
- Supplied in boxes of 100

Range Information

Product Code	Size	Unit Qty	Carton Qty
251-400-035	Medium	100	1000
251-400-040	Large	100	1000
251-400-045	Extra Large	100	1000

NITRILE

- Powder free
- Greater puncture resistance than other disposable gloves
- Ambidextrous
- Food safe quality
- Non-sterile
- Oil and petrol proof
- Supplied in boxes of 100

Range Information

Product Code	Size	Unit Qty	Carton Qty
251-400-055	Medium	100	1000
251-400-060	Large	100	1000
251-400-065	Extra Large	100	1000

Sugar Soap

SUGAR SOAP

- Effectively removes grease and grime from all surfaces prior to painting
- Improves paint adhesion and provides a better finish
- Powerful cleaning and de-greasing formulation quickly removes dirt and grease from most surfaces
- Can also be used as a general cleaner

Range Information

Product Code	Type	Size	Unit Qty	Carton Qty
238-521-005	Liquid	500ml Bottle	1	12
238-521-015	Powder	430gm Box	1	12

SAFER SPIRIT

- Highly effective water based alternative to White Spirit
- Safer for the user and the environment
- Contains biodegradable ingredients, Safer Spirit is non-toxic, virtually odourless and non-flammable
- Can be used to clean all water based and most oil based paints from brushes, rollers and paint pads
- Includes a conditioning agent to leave brushes soft & supple
- Can also be used to clean paint spills from surfaces such as worktops, laminate flooring, most textiles, glass, etc.

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-560	750ml Bottle	1	12

NON-TOXIC PAINT STRIPPER

- An effective remover of water or oil based paints and varnish from a variety of substrates
- A non-toxic or carcinogenic, low odour and non-flammable water based product
- Non-drip formulation is especially suitable for vertical surfaces
- Will remove multi layers of paint & varnish from many substrates including wood, concrete, metal, glass, brick & stone
- Will also remove polyurethane, epoxy, polystyrene, polyester and industrial adhesives

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-570	500ml Tub	1	6

NON-TOXIC GRAFFITI REMOVER

- Efficient graffiti remover with a non-toxic low odour formulation
- Removes biro, marker pen, most aerosol paints and brushable acrylic paints
- Effective on a variety of substrates including concrete, metal, glass, brick, stone and some painted surfaces
- The easily applied, concentrated formula penetrates quickly and can safely be removed by rinsing with soapy water
- Ingredients are not harmful to human health or the environment

Range Information

Product Code	Size	Unit Qty	Carton Qty
237-507-590	1 litre Bottle	1	10

Sealants, Adhesives, Fillers & Accessories

Sealants	184-190
Sealant & Grab Adhesives	190-191
Grab Adhesives	192-194
Fire & Flue Cements/Compounds	194-195
Multi-Purpose Putty	195
Cartridge Guns	196-197
Decorating Fillers	198-199
Expanding Foams	200-202
Building Admixtures	202-203
Anti Mould Products	204-205
Adhesives	206-208

HIGH MODULUS SILICONE

MULTI-PURPOSE SILICONE

- Acetoxy cure
- Waterproof sealant
- Forms a permanently flexible seal
- Suitable for both interior & exterior use
- Quick curing/drying
- Provides an excellent bond to glass, metals, ceramics, most plastics and other non-porous surfaces
- Contains an anti fungal growth compound to prevent mould growth when used in high humidity areas

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-502-005	Clear	C3	1	25
238-502-010	White	C3	1	25
238-502-015	Brown	C3	1	25
238-502-020	Black	C3	1	25

FOREVER WHITE

- Superior silicone sealant which is permanently waterproof and flexible
- Contains SteriTouch anti bacterial protection which actively prevents black mould, mildew and bacteria
- SteriTouch additive is the highest quality anti microbial product, manufactured and tested in accredited microbiological laboratories to show no mould growth after 10 years simulated ageing

APPLICATIONS

Sealing shower bases and cubicles, sealing around baths, wetrooms, sinks and basins and sanitary ware

For use in kitchens, utility rooms and all areas of high humidity

Also ideal for sealing around window and door frames internally in areas subject to high condensation

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-511-105	White	C3	1	12
238-511-120	Clear	C3	1	12
238-511-140	Ivory	C3	1	12

BATH & SANITARY SILICONE

- A premium quality high modulus acetoxy cure silicone
- Contains a high level of powerful anti fungal compound to prevent mould and fungal growth
- Typically used in areas of high humidity, such as bathrooms, toilets, showers and kitchens
- Conforms to the requirements of ISO 11600 G 25 LM

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-511-005	White	C3	1	25
238-511-015	Clear	C3	1	25
238-511-025	Ivory	C3	1	25

LOW MODULUS LMA

- Acetoxy cure silicone sealant
- Quick curing and mould resistant formulation
- Suitable for exterior and interior applications where joint movement does not exceed 20%
- Adheres to most smooth and non-porous materials
- Ideal for weatherproofing, sanitary and gap filling applications in addition to general building maintenance

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-501-150	Clear	295ml	1	25
238-501-155	White	295ml	1	25

LOW MODULUS LMN

- Neutral cure silicone
- Conforms to ISO 11600 F & G 25 LM
- Ideal for perimeter sealing of wood, PVCu and aluminium door & window frames in addition to roofline systems
- Thick bodied, with excellent break off and tooling properties
- Excellent primerless adhesion to most common construction materials
- Resistant to U.V., rain, snow, ozone and many chemicals

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-501-060	Clear	C3	1	24
238-501-065	White	C3	1	24
238-501-070	Grey	C3	1	24
238-501-075	Brown	C3	1	24

ACRYLIC DECORATORS CAULK

- Multi use product that seals, bonds, caulks, covers, protects and insulates
- Ideally suited for the sealing and filling of joints and cracks where movement can occur, such as plasterwork, window frames, door frames, skirting boards and architraves
- Good adhesion on plaster, wood, brick, stone, aluminium, glass and ceramic tiling
- Solvent free
- Suitable for interior use
- Fast drying, can be overpainted in one hour

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-510-005	White	C3	1	25
238-510-020	White	C4	1	12

HEAT RESISTANT

- High modulus permanently flexible 100% silicone
- Temperature resistant up to 300°C
- Ideal for sealing industrial and high performance gaskets, oven doors, hot plates and motors

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-504-005	Black	C3	1	25
238-504-015	Red	C3	1	25

HIGH TEMPERATURE SEALING PASTE

CALOFER

- A high quality sealing paste for sealing joints and openings in high temperature areas
- Cures to form a hard joint in heating systems, furnaces etc.
- Heat resistant to 1500°C
- Will not crumble or crack after hardening

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-512-250	Black	310ml	1	15

FIRE RATED

- Intumescent acoustic acrylic sealant
- Swells to three times its original volume when exposed to temperatures in excess of 125°C
- Prevents the passage of fire and smoke
- Fire rating of up to 5 hours in certain joint configurations
- Tested following principles of BS EN 1366-4:2006 (formerly BS 476 Parts 20/22)
- Acoustic rated to BS ISO 140/3
- Tested for air permeability to EN 13141-1

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-507-005	White	C3	1	25

ALL WEATHER

- A permanently flexible, water repellent and UV resistant sealant which will not crack or slump
- Excellent adhesion to all surfaces, even when damp
- Ideal for sealing doors, windows, roofs, cladding & vehicle bodies
- Compatible with asphalt and bitumen and ideal for roof repairs even in damp conditions

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-509-005	White	C3	1	25
238-509-015	Clear	C3	1	25
238-509-025	Black	C3	1	25

LEAD

- Specially formulated as an alternative to mortaring lead flashing and sheet into brick, stone and concrete
- Provides a fully waterproof joint that will not crack or shrink

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-508-005	Lead Grey	C3	1	25

EXTERNAL FRAME

- Permanently flexible acrylic sealant
- Provides a long lasting seal that adheres to virtually all materials including timber, plaster, brick, stone & concrete
- Suitable for internal and external use around window and door frames
- Contains a powerful anti-fungicide to prevent mould growth
- Can be overpainted

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-510-050	White	C3	1	12
238-510-055	Brown	C3	1	12

ROOF & GUTTER

- Premium quality butyl based sealant and adhesive that provides instant permanent weather-proofing to a wide variety of roofing applications
- Adheres to most common roofing materials such as bitumen, asphalt, felt, metals and wood
- Solvent based

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-508-040	Black	C3	1	12

SOUDAFALT

- One component ready to use bitumen based joint sealant
- Cold adhesive for all types of roofing
- Easy to apply with good adhesion on bituminous substrates
- Good adhesion on many other substrates even under water
- Excellent slump resistance

APPLICATIONS

Roofing joints with a maximum movement of 10%; ideal as a repair product for leaks in roof elements, gutters and sewage pipes. Highly suitable for emergency repairs, even in rainy weather

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-502-500	Black	310ml	1	15

EVERCRYL

- Resin based, fibre re-enforced roof repair compound in a cartridge
- Effective on all common roofing types and surfaces
- Provides an instant roof repair even in wet conditions and on wet surfaces
- High levels of fibre re-enforcement enables the product to bridge cracks & holes up to 10mm
- Dries to form a flexible membrane which resists algae & fungal growth
- Does not require the use of a primer on sound non-porous surfaces
- Ideal for general sealing, maintenance, repair & waterproofing of most common roof & building materials in wet or dry conditions
- Special "duck bill" nozzle enables easy application in all situations

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-508-060	Grey	C3	1	12
238-508-070	Clear	C3	1	12

TIMBER & LAMINATE

- A polymer rich, permanently flexible silicone sealant and gap filler
- Formulated using high clarity light fast colour pigments
- Available in a range of colours to match popular laminate floors and melamine board finishes
- Satin finish will not pick up dirt and can easily be cleaned
- Can be painted, varnished or woodstained
- Silicone and solvent free water based sealant
- Contains anti fungal compounds to prevent mould growth in areas of high humidity

APPLICATIONS
Designed for sealing around laminate flooring, fitted furniture and kitchen worktops

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-502-086	Beech	C3	1	6
238-502-090	Oak	C3	1	6
238-502-092	Pine	C3	1	6

SILICONE EATER

- Removes all kinds of silicone sealant by digesting and breaking up the sealant
- Silicone eater is harmless to most surrounding surfaces
- Can be used to remove sealant from baths, kitchen worktops, basins, showers, door and window frames

Range Information

Product Code	Cartridge Size	Unit Qty
238-505-100	150ml	1

SEALANT DISPLAY

- Free standing, 4 tier display with header
- Cartridge inserts provided for 3 shelves
- 96 cartridges per insert
- Dimensions
Height 1960mm
Width 700mm
Depth 500mm
- Used with any combination of sealants, grab adhesives and expanding foam

Range Information

Product Code	Unit Qty
245-465-065	1

SEALANT STRIP-OUT TOOL

- Makes removing old sealant easy
- Works on all types of sealant
- No chemicals or mess

Range Information

Product Code	Unit Qty	Carton Qty
238-505-110	1	12

SEALANT SMOOTH-OUT TOOL

- Creates a perfect seal every time
- Works on all types of sealant
- No edge marks, no mess

Range Information

Product Code	Unit Qty	Carton Qty
238-505-120	1	12

CARTRIDGE NOZZLES

- Standard replacement cartridge nozzles
- 6 nozzles per pack
- Supplied in poly bag with header card

Range Information

Product Code	Unit Qty	Carton Qty
238-505-130	1	12

Sealant & Grab Adhesives

PLUMBERS GOLD

- Premium grade adhesive and sealant specially formulated for plumbers
- Manufactured using the latest hybrid polymer technology
- Contains SteriTouch anti-bacterial protection to prevent mould growth for 10 years
- Offers outstanding adhesion to all sanitary, bathroom, wetroom, kitchen & plumbing materials
- Ideal for use on hard plastic, acrylics, fibreglass, ceramics, glass, marble, granite, aluminium, mirrors, metals etc.
- Can be applied to wet surfaces and under water

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-515-200	White	300ml	1	12
238-515-210	Clear	300ml	1	12

Sealant & Grab Adhesives

**OLYMPIC
FIXINGS**

FIX ALL

- Premium quality joint sealant and high strength adhesive
- Manufactured using the latest MS polymer technology
- Will seal and bond all common building materials
- Replaces many other specialist adhesives, sealants and caulks
- Contains no solvents, halogens, isocyanates or acids
- Can be used on wet surfaces and even under water
- Fast curing even at low temperatures
- Food safe tested (white only) to US FDA CFR 21 - 177.2600 (e)
- Odourless and non-staining
- Can be painted immediately after application
- Available in a range of colours and 100% crystal clear

APPLICATIONS

Ideal for all interior and exterior bonding and sealing applications on porous and non-porous surfaces

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-515-300	White	290ml	1	12
238-515-320	Black	290ml	1	12
238-515-310	Crystal Clear	290ml	1	12

See pages 171, 172 and 175 for Food Safe Aerosols

MS-11

- An all round durable, flexible adhesive and sealant with MS polymer technology providing excellent adhesion to non-porous surfaces
- Based on a hybrid polymer formulation giving outstanding bonding and sealing properties
- High strength and initial grab
- Can be applied to wet surfaces and under water
- Odourless, neutral and free of isocyanides
- Contains anti-fungal compound

APPLICATIONS

MS-11 bonds and seals all metals including soft metals such as lead, mirrors, all woods including timber, MDF and chipboard, natural stone and marble, most plastics, glass, concrete, polystyrene, polyurethane, laminates, plaster, cork, tiles etc.

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-515-470	White	290ml	1	12
238-515-475	Black	290ml	1	12
238-515-480	Crystal Clear	290ml	1	12

STIXALL

- Based upon SiMP polymer technology, it is the ultimate combined building adhesive and sealant. It will both bond and seal virtually everything to anything
- Offers almost limitless benefits as a permanently flexible adhesive and sealant
- Water resistant for interior and exterior use and as a sealant is ideal for weatherproofing around windows and doors, guttering and roof tiles, as well as internal bathroom and kitchen fixtures
- Can be applied to wet surfaces and will cure in wet weather
- Solvent free

APPLICATIONS

Bonds virtually all materials porous and non-porous such as glass, granite, brick, plaster, metals, ceramics, fibreglass, slate, marble, mirrors, stone, concrete, plastics, timber, roof tiles etc.

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-515-040	White	300ml	1	12
238-515-080	Black	300ml	1	12
238-515-110	Crystal Clear	300ml	1	12

PINK GRIP

- Solvent based
- Enhanced slump resistance
- Excellent early and ultimate adhesive strength
- Gap filling properties
- Good 'nip off' qualities to prevent messy stringing
- Bonds to virtually all common building surfaces
- Suitable for interior and exterior applications

APPLICATIONS

Ideal for the fixing of wall panels, battens, door frames, skirting boards, timber, PVCu cladding, worktops, mouldings, ceramics, plasterboard, window sills, laminates, carpet edges, gripper rods, automotive trims etc.

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-515-015	Pink	350ml	1	12

PINK GRIP - SF WHITE

- Solvent free gap filling adhesive
- Environmentally friendly Pinkgrip formulation but white colour
- Water clean up with no hazardous solvents
- Enhanced slump resistance
- Excellent early and ultimate adhesive strength
- Gap filling properties
- Good 'nip off' qualities to prevent messy stringing

- Bonds to virtually all common building surfaces
- Suitable for interior applications

APPLICATIONS

Ideal for the fixing of wall panels, battens, door frames, skirting boards, timber, PVCu cladding, worktops, mouldings, ceramics, plasterboard, window sills, laminates, carpet edges, gripper rods, automotive trims etc.

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-515-032	White	C4	1	12

PINK GRIP DISPLAY

- Free standing, 3 tier display with header
- 192 cartridges (ie 64 to each shelf)
- Dimensions
 - Height 1520mm
 - Width 500mm
 - Depth 500mm

Range Information

Product Code	Description	Unit Qty
238-515-030	Display (192 Cartridges)	1

GRIPFILL

- Solvent based
- Filled rubber resin adhesive
- Developed to bond virtually all rigid materials together regardless of the evenness of the surface
- High strength, one part, gap filling adhesive
- Specifically formulated to bond a large variety of materials

APPLICATIONS

Ideal for the fixing of wall panels, battens, door frames, skirting boards, timber, PVCu cladding, worktops, mouldings, ceramics, plasterboard, window sills, laminates, carpet edges, gripper rods, automotive trims etc.

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-515-415	Cream/Light Brown	350ml	1	12

GRIPFILL SOLVENT FREE

- Solvent free
- Gap filling adhesive that creates a high strength bond between two materials
- Designed for materials sensitive to solvents e.g expanded polystyrene, foamed and laminated PVC
- Provides instant grab, immediately securing materials in place for accurate bonding
- Uneven surfaces can be bonded without difficulty
- Developed specifically for interior use

APPLICATIONS

Ideal for the fixing of wall panels, battens, door frames, skirting boards, timber, PVCu cladding, worktops, mouldings, ceramics, plasterboard, window sills, laminates, carpet edges, gripper rods, automotive trims etc.

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-515-435	White	350ml	1	12

STICKS LIKE

- High performance, single component, moisture curing, MS polymer based adhesive
- Will bond to most surfaces even if both are impervious
- Can be used on damp surfaces and even under water
- Can be over painted when cured
- Cures to form a hard elastic rubber with virtually no shrinkage

APPLICATIONS

Bonds most surfaces including wood, concrete, brick, plaster, glass, ceramics, metals, rigid PVC, insulation boards and foam polystyrene

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-515-450	White	290ml	1	12
238-515-460	Clear	290ml	1	12

GRIP-IT

- Panel adhesive
- Solvent based
- No need for nails
- Rapid grab
- Suitable for interior and exterior applications
- High strength bonding
- Adhesive with gap filling properties

APPLICATIONS

Ideal for fixing skirting boards, decorative panelling, door and window surrounds, timber and PVCu cladding, floor boards, timber framework, worktops, carpet grippers, carpet, brick, veneer mouldings, ceramics, plasterboard, cork, laminates and automotive trims

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-515-005	Beige	C3	1	25

Fire & Flue Cements/Compounds

FLUE BLOCK CEMENT

- Jointing and sealing compound for internal flue pipes/bricks
- Heat resistant to +1250°C
- Tested to BS EN 1857
- For Class A1 flue liners and gas fire systems
- Ideal for use with concrete, brick and stone
- When heated sets to form a hard smoke and gas tight joint

APPLICATIONS

Designed as a jointing and repair compound for flue blocks and fire bricks

Can also be used as a general purpose fire cement where direct flame contact occurs

Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-512-005	Buff	C3	1	12

FIRE CEMENT

- A premium quality ready mixed fire cement
- Cures when exposed to heat, resulting in a hard mortar which is resistant to temperatures up to 1250°C
- Interior use only
- Water based product/water clean up

APPLICATIONS

Seals and repairs wherever smoke, heat or fumes are escaping from fires, fire bricks, cookers, stoves or ranges

Also sealing and jointing internal flue pipes, specifically between appliance and flue

Range Information

Product Code	Colour	Pack Size	Unit Qty	Carton Qty
238-512-100	Black	C3 Cartridge	1	12
238-512-105	Black	500gm Tub	1	24

238-512-115	Black	2kg Tub	1	6

Fire & Flue Cements/Compounds

**OLYMPIC
FIXINGS**

FLUE JOINTING COMPOUND

- A ready mixed paste for sealing metal flue joints in industrial and domestic applications
- Non-flammable and temperature resistant to 200°C
- Does not fully dry. It will stiffen but remains flexible to allow for flue expansion
- Weatherproof

- Can be used on interior and exterior applications
- Resistant to exhaust gases
- Provides a smoke tight joint

APPLICATIONS

Sealing metal flue joints. Also where pipes and flues pass through concrete, stone or brickwork

Range Information

Product Code	Colour	Tub Size	Unit Qty	Carton Qty
238-512-200	Grey/Green	500gm	1	12
238-512-205	Grey/Green	1 kg	1	12

FIRE CEMENT

- A ready mixed blend of thermo setting resins and inorganic fillers
- Cures when exposed to heat, resulting in a hard mortar which is smoke and gas tight
- Resistant to temperatures up to 1250°C
- Interior use only
- Water based product/water clean up

APPLICATIONS

Seals and repairs wherever smoke, heat or fumes are escaping from fires, fire bricks, cookers, stoves or ranges

Also sealing and jointing internal flue pipes, specifically between appliance and flue

Range Information

Product Code	Colour	Tub Size	Unit Qty	Carton Qty
238-512-025	Buff	500gm	1	18

238-503-009	1	24

DELUXE CAULKING

- Blue colour
- Length 11 1/2" (290mm)
- Round rod with hooked end
- Swivel action Barrel
- For cartridges to 380ml

Range Information

Product Code	Unit Qty	Carton Qty
238-503-011	1	12

ULTRA POWER CAULKING

- Black colour
- Length 11 1/2" (290mm)
- Round rod with hooked end
- Swivel action barrel
- Easy pull trigger
- Heavy duty
- For cartridges to 400ml

Range Information

Product Code	Unit Qty	Carton Qty
238-503-014	1	12

JUMBO SEALANT

- Red colour
- Length 13 3/4" (350mm)
- Rod with hooked end
- Swivel action barrel
- Heavy duty push rod mechanism
- For 900ml cartridges

Range Information

Product Code	Unit Qty	Carton Qty
238-503-040	1	12

CHEMICAL ANCHOR

- Blue colour
- Length 8 1/2" (220mm)
- Double rod application
- Swivel action barrel
- Heavy duty
- For use with 400ml resin cartridges

Range Information

Product Code	Unit Qty	Carton Qty
238-200-200	1	12

FOAM APPLICATOR

STANDARD APPLICATOR

- Length 10" (260mm)
- Blue handle colour

Range Information

Product Code	Unit Qty	Carton Qty
238-503-025	1	12

HEAVY DUTY APPLICATOR

- Length 13 1/4" (340mm)
- Black handle colour

Range Information

Product Code	Unit Qty	Carton Qty
238-503-035	1	12

Decorating Fillers

ONE STRIKE

- Revolutionary filler formulated using lightweight polymer bubbles that fills most holes and cracks, even deep holes, in one quick application
- No need for secondary filling to level off as one strike will not shrink, sag or crack
- Finishes smooth, requiring little or no sanding
- Ready to paint or wallpaper in approximately 30 minutes
- Used for repairs to plaster, brick, stone and concrete
- Suitable for both interior and exterior use

Range Information

Product Code	Colour	Size	Unit Qty	Carton Qty
233-508-003	White	C3 Cartridge	1	12
233-508-005	White	250ml Tub	1	18
233-508-010	White	450ml Tub	1	12
233-508-015	White	1 litre Tub	1	6
233-508-018	White	2.5 litre Tub	1	1
233-508-020	White	5 litre Tub	1	1

INSTANT

- Fast drying ready mixed filler in an easy to use squeeze tube
- Ready to sand in just 10 minutes
- Suitable for both interior and exterior use

Range Information

Product Code	Colour	Size	Unit Qty	Carton Qty
233-508-135	White	330gm Tube	1	12

FINE SURFACE

- Ready mixed for filling small holes and surface imperfections in most porous surfaces such as plaster and wood
- Dries to a very smooth finish that can be painted or papered
- Suitable for both interior and exterior use

Range Information

Product Code	Colour	Size	Unit Qty	Carton Qty
233-508-115	White	600gm Tub	1	12

ALL PURPOSE READY MIXED

- Suitable for both interior and exterior use
- Dries to a smooth but tough crack resistant sandable finish
- May be painted, papered or stained
- Designed for repairs to plaster, plasterboard, brick, render, concrete, stone and most other building materials

Range Information

Product Code	Colour	Size	Unit Qty	Carton Qty
233-508-085	White	600gm Tub	1	12
233-508-090	White	1kg Tub	1	12

Decorating Fillers

**OLYMPIC
FIXINGS**

ALL PURPOSE POWDER

- Suitable for both interior and exterior use
- Added PVA for extra strength
- For repairs to plaster, brick, stone and concrete
- Can be nailed or screwed when dry
- Quick setting, non shrink

Range Information

Product Code	Colour	Size	Unit Qty	Carton Qty
233-508-055	White	450gm Box	1	16
233-508-060	White	1.5kg Box	1	10

FILL & SKIM

- A ready mixed lightweight plaster for both patching jobs and covering larger areas
- Ideal for covering over old textured surfaces
- Free metal smoothing blade in every pack
- Contains anti-fungal compounds to prevent mould growth in areas of high humidity i.e. bathrooms, kitchens and sanitary applications
- Overpaintable when cured
- Water based product/water clean up
- Adheres to brick, stone and plaster
- Interior use only
- Quick curing and drying time
- Solvent free

Range Information

Product Code	Colour	Size	Unit Qty
233-508-160	White	5 litre Tub	1

READY MIXED WOOD

- Premium grade joiners ready mixed multi purpose wood filler
- Ideal for filling small imperfections in many types of wood
- When dry and sanded, it can be stained, painted or varnished
- Waterproof when fully dry
- Suitable for exterior & interior applications
- Contains an anti-fungal compound
- Solvent free, quick curing/drying, water based product
- No migration of oils & pigments into surrounding porous substrates
- Available in a range of colours

Range Information

Product Code	Colour	Size	Unit Qty	Carton Qty
233-508-200	Light Stainable	250ml Tub	1	6
233-508-210	Medium Stainable	250ml Tub	1	6
233-508-220	Pine	250ml Tub	1	6
233-508-230	Mahogany	250ml Tub	1	6
233-508-240	Light Oak	250ml Tub	1	6
233-508-250	Dark Oak	250ml Tub	1	6
233-508-260	White	250ml Tub	1	6

HAND HELD

- Polyurethane based expanding foam
- Expands up to 50 times its original volume
- Excellent adhesion to concrete, brickwork, stone, wood, iron, aluminium and many synthetic materials such as polyester and PVCu
- Once cured can be cut, sawn, painted or plastered
- Insulates and sound deadens

- Disposable gloves included with each can
- Complies with DIN 4102 Part 2 B3 specification

APPLICATIONS

Fixing window and door frames

Filling large gaps (the foam will expand to completely fill the cavity)

Sealing pipes, cables and ductwork through brickwork and openings in walls

Range Information

Product Code	Size	Unit Qty	Carton Qty
238-505-000	500ml	1	12
238-505-010	750ml	1	12

HAND HELD FIRE RETARDANT

- Polyurethane based expanding foam
- Expands up to 50 times its original volume
- Excellent adhesion to concrete, brickwork, stone, wood, iron, aluminium and many synthetic materials such as polyester and PVCu
- Once cured can be cut, sawn, painted or plastered
- Insulates and sound deadens

- Conforms to DIN 4102 Part 1 B2 for construction materials and BS 476 Part 20 fire rating up to 2 hours in certain joint configurations

APPLICATIONS

Fixing window and door frames

Filling large gaps (the foam will expand to completely fill the cavity)

Sealing pipes, cables and ductwork through brickwork and openings in walls

Range Information

Product Code	Size	Unit Qty	Carton Qty
238-505-020	750ml	1	12

NO WASTE

- New foam technology allows part used cans to be saved and used again
- Extended shelf life, lasts twice as long as conventional foam
- Unique safety valve will not clog or leak, guaranteed to work every time
- Disposable gloves included with each can

Range Information

Product Code	Size	Unit Qty	Carton Qty
238-505-018	750ml	1	12

Expanding Foams

**OLYMPIC
FIXINGS**

GUN GRADE

- Polyurethane based expanding foam
- Expands up to 50 times its original volume
- Excellent adhesion to concrete, brickwork, stone, wood, iron, aluminium and many synthetic materials such as polyester and PVCu
- Once cured can be cut, sawn, painted or plastered
- Insulates and sound deadens

- For regular and professional use in conjunction with foam gun applicators
- Complies with DIN 4102 Part 2 B3 specification

APPLICATIONS

Fixing window and door frames
 Filling large gaps (the foam will expand to completely fill the cavity)
 Sealing pipes, cables and ductwork through brickwork and openings in walls

Range Information

Product Code	Size	Unit Qty	Carton Qty
238-505-030	750ml	1	12

GUN GRADE FIRE RETARDANT

- Polyurethane based expanding foam
- Expands up to 50 times its original volume
- Excellent adhesion to concrete, brickwork, stone, wood, iron, aluminium and many synthetic materials such as polyester and PVCu
- Once cured can be cut, sawn, painted or plastered
- Insulates and sound deadens
- For regular and professional use in conjunction with foam gun applicators

- Conforms to DIN 4102 Part 1 B2 for construction materials and BS 476 Part 20 fire rating up to 2 hours in certain joint configurations

APPLICATIONS

Fixing window and door frames
 Filling large gaps (the foam will expand to completely fill the cavity)
 Sealing pipes, cables and ductwork through brickwork and openings in walls

Range Information

Product Code	Size	Unit Qty	Carton Qty
238-505-040	750ml	1	12

FOAM APPLICATOR NOZZLES

- Replacement nozzle & straw for hand held 500ml and 750ml cans
- 5 nozzles & straws per pack
- Simply screws onto can valve to operate
- Supplied in poly bag with header card

Range Information

Product Code	Description	Unit Qty	Carton Qty
238-505-060	Soudal Expanding Foam Applicator	1	12
238-505-055	Everbuild Expanding Foam Applicator	1	12

Expanding Foams

DUAL PURPOSE FOAM CLEANER

- Used to remove wet/uncured foam
- Attaches to gun foam applicator for purging through
- Includes spray nozzle for use without applicator to remove wet foam from outside of the gun and from most building substrates

Range Information

Product Code	Size	Unit Qty	Carton Qty
238-505-075	500ml	1	12

FOAM EATER

- Designed for the safe removal of cured PU foam and adhesive from most substrates
- May be used both inside and outside
- Paste-like consistency makes it suitable for both vertical and horizontal applications
- Suitable for removal of unsightly foam residues from window and door frames

Range Information

Product Code	Size	Unit Qty	Carton Qty
238-505-050	250ml Tub	1	3

Building Admixtures

OPTI-TONE: CEMENT COLOURANT

- Concentrated admixture
- Fast and accurate colouring formulation for cement and grout
- Controlled dosage
- Consistent mix design
- Easy to use and less mess than powder
- No waste and no colour differences in mortar batches
- 1 litre is equivalent to 5 litres of standard product

Range Information

Product Code	Colour	Size	Unit Qty	Carton Qty
246-100-160	Black	1 litre	1	10
246-100-170	Yellow	1 litre	1	10
246-100-180	Red	1 litre	1	10
246-100-190	Brown	1 litre	1	10

OPTI-MIX: MORTAR PLASTICISER

- Concentrated admixture
- Superior plasticising action
- Controlled dosage
- Consistent mix design
- Easy to use
- No waste
- Conforms to BS EN 934-3
- 1 litre is equivalent to 25 litres of standard product

Range Information

Product Code	Size	Unit Qty	Carton Qty
246-100-020	1 litre	1	12

OPTI-PROOF: INTEGRAL WATERPROOFER

- Concentrated admixture
- Waterproofs, plasticises and retards
- Salt inhibitor
- Controlled dosage
- Consistent mix design
- Easy to use
- No waste
- 1 litre is equivalent to 25 litres of standard product

Range Information

Product Code	Size	Unit Qty	Carton Qty
246-100-040	1 litre	1	12

OPTI-ACCEL: ACCELERATOR & FROSTPROOFER

- Concentrated admixture
- Fast acting formulation
- Controlled dosage
- Consistent mix design
- Easy to use
- No waste
- 1 litre is equivalent to 10 litres of standard product

Range Information

Product Code	Size	Unit Qty	Carton Qty
246-100-110	1 litre	1	12

OPTI-REND: RENDER ADDITIVE

- Concentrated admixture
- Designed specifically for use with renders
- Waterproofs, plasticises and retards
- Salt inhibitor
- Controlled dosage
- Consistent mix design
- Easy to use
- No waste
- 1 litre is equivalent to 25 litres of standard product

Range Information

Product Code	Size	Unit Qty	Carton Qty
246-100-080	1 litre	1	12

MOULD REMOVER WITH CHLORINE

- Permanently kills, removes & cleans mould and mildew
- Powerful and instant action
- Also removes moss, algae & bacteria such as E coli and salmonella
- Bleaches & disinfects
- For all washable surfaces such as tiles, silicone, walls, ceilings, glass, wood and plastics etc.
- Coverage: 10-15m² per 750ml bottle

Range Information

Product Code	Size	Unit Qty	Carton Qty
249-100-007	750ml Trigger Spray	1	6

MOULD REMOVER CHLORINE FREE

- Permanently kills, removes & cleans mould and mildew
- Powerful and instant action
- Also removes moss, algae & bacteria such as E coli and salmonella
- Disinfects with no bleaching effect
- Gel formulation prevents dripping
- Neutral in odour so ideal for bedrooms, children's rooms, cupboards etc.
- Suitable for most surfaces including wallpaper, textiles and leather etc.
- Coverage: 10-15m² per 750ml bottle

Range Information

Product Code	Size	Unit Qty	Carton Qty
249-100-012	750ml Trigger Spray	1	6

CLEAR PROTECTIVE BARRIER

- Creates a clear invisible barrier
- Long lasting protection against mould and mildew
- For all absorbent surfaces
- Treated areas can be painted or wallpapered afterwards
- Coverage: 10-15m² per 750ml bottle

Range Information

Product Code	Size	Unit Qty	Carton Qty
249-100-017	750ml Trigger Spray	1	6

WALL & CEILING PAINT

- Interior white wall & ceiling paint
- Solvent free and tintable
- Long lasting protection against mould and mildew
- Coverage: 6m² per litre

Range Information

Product Code	Size	Unit Qty	Carton Qty
249-100-027	750ml Tub	1	8
249-100-035	2.5 litre Tub	1	1
249-100-040	5 litre Tub	1	1

Anti Mould Products

**OLYMPIC
FIXINGS**

STAIN BLOCK

- Highly pigmented - matt white
- Protects against mould & mildew growth and stains
- Also covers water, soot and nicotine stains
- Acts as a damp seal
- Self priming
- Coverage: 6m² per litre

Range Information

Product Code	Size	Unit Qty	Carton Qty
249-100-042	750ml Tin	1	6

SEALANT

- Mould, mildew and bacteria proof
- Non-staining and non-yellowing
- Premium grade 100% silicone
- Conforms to ISO 11600 25HM

Range Information

Product Code	Colour	Size	Unit Qty	Carton Qty
249-100-047	Clear	310ml Cartridge	1	12
249-100-052	White	310ml Cartridge	1	12

ADDITIVE

- For addition to paint, plaster, grouts, adhesives, pastes, fillers etc.
- Immediate and long term protection against mould, mildew & algae
- Does not affect colour or performance of materials
- Can also be used as a surface protector
- Concentrated formula, sufficient for 40 litres of paint

Range Information

Product Code	Size	Unit Qty	Carton Qty
249-100-022	1 litre Bottle	1	4

ANTI MOULD DISPLAY

- Free standing 5 tier display with header card
- Powder coated metal construction
- Dimension
 - Height 2200mm
 - Width 650mm
 - Depth 450mm

Range Information

Product Code	Contents	Unit Qty
249-100-100	Clear Sealant	12
	White Sealant	24
	Additive	12
	Remover with Chlorine	18
	Remover Chlorine Free	18
	Clear Barrier	12
	Paint 750ml	12
	Stain Block	12
	Paint 2.5 litre	8
	Paint 5 litre	4

PVA BONDING AGENT

- A multi purpose waterbased bonding agent, sealer, cement & plaster admixture
- Adheres to most common building and DIY materials
- Ideal for priming unsound surfaces prior to plastering or painting
- General dust sealing on flaking paintwork/ walls etc.
- Used as an adhesive on wood, cork, textiles and most applications where at least one surface is porous
- Overpaintable when cured

Range Information

Product Code	Size	Unit Qty	Carton Qty
238-517-005	500ml	1	20
238-517-010	1 litre	1	12
238-517-015	2.5 litre	1	6
238-517-020	5 litre	1	4

ALL PURPOSE WOOD ADHESIVE

- A high quality, resin based wood adhesive for all wood bonding
- Can be used internally & externally
- Provides a high strength, impact resistant bond that is usually stronger than wood itself
- Ideal for all general woodworking and joinery uses, furniture assembly and household DIY use
- Dries clear
- Overpaintable when cured
- Solvent free
- Conforms to EN 204 D3 for water resistance and BS 4071 for creep resistance

Range Information

Product Code	Size	Unit Qty	Carton Qty
238-518-001	75ml	1	20
238-518-003	125ml	1	12
238-518-005	250ml	1	12
238-518-010	500ml	1	20
238-518-015	1 litre	1	12
238-518-020	5 litre	1	4

STICK 2 ALL PURPOSE SUPERGLUE

- Premium quality ethyl cyanoacrylate adhesive that provides a high strength, fast bond to just about every surface
- Each tube comes with a re-sealable cap
- Bonds plastic, wood, metals, ceramics, leather, porcelain, cardboard and jewellery items

Range Information

Product Code	Size	Unit Qty	Carton Qty
238-519-020	3gm Tube	12	20

STICK 2 INDUSTRIAL SUPERGLUE

- Premium quality industrial grade cyanoacrylate adhesive
- For multi-purpose use, sticks PVCu and most other non-porous materials
- Supplied in counter top merchandisers
- Medium viscosity formula which fills small gaps
- For use on perfect fit surfaces where a fast set is required
- Set time is 2 to 60 seconds depending on material

Range Information

Product Code	Size	Unit Qty
238-520-020	20gm Bottle	25
238-520-040	50gm Bottle	20

MITRE FAST BONDING KIT

- Two part instant adhesive system comprising a cyanoacrylate adhesive and aerosol activator
- Quick curing and drying
- Solvent based
- Supplied in a hanging clam pack

APPLICATIONS

Suitable for bonding timber, plastic, metal, MDF, rubber and PVCu

Used mainly in the furniture, timber, kitchen and plastic industries

Its instant bonding properties dramatically reduce assembly times for mitre joints when compared to conventional wood adhesives

Range Information

Product Code	Description	Colour	Size	Unit Qty	Carton Qty
238-520-100	Mitre Fast Bonding Kit	White	50gm Adhesive/200ml Activator	1	6

MITRE FAST ADHESIVE

- As supplied in Bonding Kit

Range Information

Product Code	Description	Colour	Size	Unit Qty	Carton Qty
238-520-110	Mitre Fast Adhesive	White	50gm	1	10

MITRE FAST ACTIVATOR

- As supplied in Bonding Kit

Range Information

Product Code	Description	Colour	Size	Unit Qty	Carton Qty
238-520-120	Mitre Fast Activator	White	200ml	1	12

MITRE FAST PEN KIT

- Two part instant adhesive system, comprising a high viscosity cyanoacrylate adhesive and activator pen
- Bonds most surfaces in 10 seconds
- High viscosity adhesive has small gap filling capabilities
- Economical to use, no waste or overspray
- Supplied in hanging pack

APPLICATIONS

Many industrial uses including the bonding of MDF, wood, chipboard, rubber, plastic, perspex, PVCu, ceramics, aluminium and other metals.

Ideal for cornice and profile mitres, trims, picture frames, skirting and architrave joints, worktop end strips, PVCu trims etc.

Range Information

Product Code	Description	Colour	Size	Unit Qty	Carton Qty
238-520-220	Mitre Fast Pen Kit	Clear	50gm Adhesive/10ml Activator	1	12

PU WOOD ADHESIVE GEL

- Thixotropic, transparent gap filling gel
- Rapid setting PU adhesive
- Available in 5 and 30 minute setting times
- Conforms to EN 204 D4 strength
- Interior and exterior use
- Waterproof bonding
- Resistant to most chemicals
- Overpaintable when cured

APPLICATIONS

Excellent bonding properties for all wood products

Bonds to metal, brick, stone and concrete

Range Information

Product Code	Setting Time	Colour	Cartridge Size	Unit Qty	Carton Qty
238-525-055	5 minute	Translucent	310ml	1	12
238-525-065	30 minute	Translucent	310ml	1	12

PU WOOD ADHESIVE LIQUID

- Ideal for larger applications where greater economy is required
- Thixotropic, transparent gap filling liquid
- Rapid setting PU adhesive
- Available in 5 and 30 minute setting times
- Conforms to EN 204 D4 strength
- Interior and exterior use
- Waterproof bonding
- Resistant to most chemicals
- Overpaintable when cured

APPLICATIONS

Excellent bonding properties for all wood products

Bonds to metal, brick, stone and concrete

Range Information

Product Code	Setting Time	Colour	Squeeze Bottle Size	Unit Qty	Carton Qty
238-525-075	5 minute	Red	750gm	1	6
238-525-085	30 minute	Brown	750gm	1	6

CONTACT ADHESIVE

- High quality, high tack, low viscosity, one part neoprene contact adhesive
- Formulated for non mechanical application
- Has a long open time and is easy to apply
- Solvent based
- Highly versatile adhesive
- Bonds a large variety of materials such as plastic, laminate, aluminium, sheet lead, hardboard, natural wood veneers, insulation materials and foams to a variety of base materials
- Suitable for interior and exterior applications

Range Information

O Ring Selection Kit

O RING KIT

- 225 piece metric size O ring kit
- Contains 18 popular sizes
- Made from nitrile butadiene rubber
- Working temperature range -30°C to +120°C
- Will seal in most oil, steam and water applications
- O ring dimensions are inside diameter and thickness
- Suitable for a wide range of uses in many trades
- Supplied in a convenient re-sealable plastic case

Rotary Wire Brushes

TECHNICAL BRUSHES

- Rotary wire brushes in a range of shapes and sizes for many applications
- Round shank is designed to fit into all standard drilling machines
- High quality wire and uniform high pressure crimp ensure long service life and high stability
- Ideal for the removal of rust, scale, paint, metal deburring and preparation

Range Information

Product Code	Type	Size mm Brush & Shank	Wire Diameter mm	Maximum RPM	Unit Qty	Carton Qty

Lead Replacement

EASY LEAD R

- Aluminium based, high performance lead replacement product
- For use in most roofing and external plumbing applications
- Manufactured from lightweight aluminium sheet with a protective anti corrosion and anti UV coating with a high performance butyl adhesive
- Easy to install, requires no special tools and can be cut with a knife or scissors
- It has a special corrugated pattern to aid shaping and forming to various surfaces which ensures permanent water tightness and improves appearance
- High strength adhesive provides a permanent bond to brickwork, roof tiles and most popular building materials
- Cost effective alternative to traditional lead products
- Fully BBA approved with an expected lifespan of over 20 years

APPLICATIONS

Side abutments, stepped flashings, dormers, chimneys etc.

Range Information

Product Code	Roll Width mm	Roll Length m	Roll Weight kg	Unit Qty
248-100-010	150	5	2.0	1
248-100-020	300	5	3.9	1
248-100-030	450	5	5.9	1

Flashing Tape

SELF ADHESIVE FLASHING TAPE

- Heavy duty self adhesive flashing tape with 1.3mm minimum thickness of pressure sensitive modified bitumen
- Adhesive content specially formulated for flexibility at low temperatures and resistant to flow at high temperatures, but an immediate bond with hand pressure
- Aluminium/polyester facing with a high grade bitumen backing
- Bitumen thickness ensures close contact even on rough surfaces
- Durable, long lasting with an attractive appearance

APPLICATIONS

For use on new building and for repair work. Flashing tape is ideal for flashing of flat and pitched roofs, sealing around columns, vents, roof lights, sealing parapets, waterproofing of coping & roof ridges, in addition to gutter & valley linings and repairs to damaged lead etc.

Range Information

Product Code	Roll Width mm	Roll Length m	Unit Qty	Unit Qty

ROLL & STROLL PREMIUM CARPET PROTECTOR

- Self adhesive carpet protection film on a roll
- Protects carpets against expensive damage during decorating, building, renovation and repair work
- Provides protection against dirt, stains, paint spills, plaster, tiling debris and mess during most maintenance and repair jobs
- Reverse wound rolls are easy to apply and remove
- Reduces tripping hazard compared with loose dust sheets and will not creep or wrinkle
- Can be left in place for up to 4 weeks
- Adheres to most common carpets and will not leave a sticky residue
- Not for use on hard surfaces and do not use underfloor heating when product in use

Range Information

Product Code	Size	Colour	Unit Qty	Display Qty
251-100-025	600mm x 25m	Yellow Branded Film	1	6

ROLL & STROLL HARD SURFACE PROTECTOR

- Self adhesive hard surface protection film on a roll
- Protects hard surfaces against expensive damage during decorating, building, renovation and repair work
- Provides protection against dirt, stains, paint spills, plaster, tiling debris and mess during most maintenance and repair jobs
- Reverse wound rolls are easy to apply and remove
- Reduces tripping hazard compared with loose dust sheets and will not creep or wrinkle
- Can be used on all hard surfaces such as timber, laminate, ceramic floors and worktops

Range Information

Product Code	Size	Colour	Unit Qty	Display Qty
251-100-027	600mm x 25m	Clear Branded Film	1	6

GLASS PROTECTOR

- Self adhesive glass protection film on a roll
- Protects glass against the mess, dirt, staining, spillages and soiling that occurs during general building and decorating work
- Reduces the risk of costly scratches to glass
- With the adhesive coating on the outside it is also easy to apply

Range Information

Product Code	Size	Colour	Unit Qty	Pack Qty
251-100-029	600mm x 25m	Clear Red Film	1	15

COMFORT MASK

- Soft, flexible nose piece permits individual facial adjustment
- This mask is not a respiratory protective device and should not be used for protection against fine particles, gases, vapours or paint sprays
- Only use to reduce discomfort caused where exposure to non-toxic dust is below the workplace exposure limits

Range Information

Product Code	Description	Unit Qty
254-100-005	Comfort Mask	50

DISPOSABLE P1 RESPIRATORY PROTECTION

- Soft, comfortable, lightweight, valved, moulded mask with elasticated straps
- Adjustable nose piece aids face fit
- Approved to EN 149: 2001 + A1: 2009 FFP 1
- Lower filtering efficiency with an Assigned Protection Factor of 4 and 80% efficiency

Range Information

Product Code	Description	Unit Qty
254-100-010	FFP1 Valved Mask	10

DISPOSABLE P2 RESPIRATORY PROTECTION

- Valved, moulded particulate respiratory protection mask with elasticated straps
- Lightweight, comfortable mask with adjustable nose piece to aid face fit
- Low breathing resistance
- Approved to EN 149: 2001 + A1: 2009 FFP 2
- Medium filtering efficiency with an Assigned Protection Factor of 10 and 94% efficiency

Range Information

Product Code	Description	Unit Qty
254-100-015	FFP2 Valved Mask	10

DISPOSABLE P3 RESPIRATORY PROTECTION

- Moulded particulate respiratory protection mask with valve
- Comfortable face fitting with 4 point harness to create an optimum fit and greater efficiency
- Very low breathing resistance
- Approved to EN 149: 2001 + A1: 2009 FFP 3
- High filtering efficiency with an Assigned Protection Factor of 20 and 99% efficiency
